services provided within a health benefit plan network or outside the network.

(j) The commissioner by rule shall implement the exemption authorized by Subsection (i).

(k) A health group cooperative may offer more than one health benefit plan, but each plan offered must be made available to all employers participating in the cooperative.

(l) A health benefit plan issuer may, with notice to the commissioner, provide health benefit plan coverage to an expanded service area that includes the entire state. A health benefit plan issuer may apply for approval of an expanded service area that comprises less than the entire state by filing with the commissioner an application, in a form and manner prescribed by the commissioner, at least 60 days before the date the health benefit plan issuer issues coverage to the health group cooperative in the expanded service area. At the expiration of 60 days after the date of receipt by the department of a filed application, the application is considered approved by the department unless, before that date, the application was either affirmatively approved or disapproved by written order of the commissioner. The commissioner, after notice and opportunity for hearing, may rescind an approval granted to a health benefit plan issuer under this subsection if the commissioner finds that the health benefit plan issuer has failed to market fairly to all eligible employers in the state or the expanded service area.

(p) A health group cooperative must make the election described by Subsection (o) at the time the cooperative is initially formed. A health group cooperative making this election may not include an eligible single-employee business. Evidence of the election must be filed in writing with the commissioner in the form and at the time prescribed by the commissioner by rule.

(q) Except as provided by Subsection (r), a health group cooperative may file an election with the commissioner, on a form and in the manner prescribed by the commissioner, to permit eligible single-employee businesses to join the cooperative and to enroll in health benefit plan coverage. The election must be filed not later than the 90th day before the date coverage for eligible single-employee businesses is to become effective.

(r) A health group cooperative may file an election under Subsection (q) only if a small or large employer health benefit plan issuer has agreed in writing to offer to issue coverage to the cooperative based on its membership after the election to permit eligible single-employee businesses to participate in the cooperative has become effective.

(s) On the date an election under Subsection (q) becomes effective and until the election is rescinded, the provisions of this subchapter relating to guaranteed issuance of plans, to rating requirements, and to mandated benefits that are applicable to small employers apply to eligible single-employee businesses that are members of the health group cooperative.

(t) A health group cooperative that files an election with the commissioner to permit an eligible single-employee business to join the health group cooperative and enroll in health benefit plan coverage must permit participation and enrollment in the cooperative's health benefit plan coverage during the initial enrollment and annual open enrollment periods by each eligible single-employee business that elects to participate and agrees to satisfy requirements associated with participation in and coverage through the cooperative. For purposes of this subsection, the provisions of Subsection (a-1) applicable to small employers apply to eligible single-employee businesses.

(u) A health group cooperative may rescind its election to permit eligible single-employee businesses to join the cooperative and enroll in health benefit plan coverage only if:

Sec. 1501.101. GEOGRAPHIC SERVICE AREAS. (a) Repealed by Acts 2015, 84th Leg., R.S., Ch. 42 , Sec. 3.01(6), eff. September 1, 2015.

(b) A small employer health benefit plan issuer that refuses to issue a small employer health benefit plan in a geographic service area may not offer a health benefit plan to a small employer in the applicable service area before the fifth anniversary of the date of the refusal.

(c) A small or large employer health benefit plan issuer is not required to offer or issue a small or large employer health benefit plan to:

(1) a small or large employer that is not located within a geographic service area of the issuer;

(2) an employee of a small or large employer who neither resides nor works in the geographic service area of the issuer; or

(3) a small or large employer located within a geographic service area of the issuer with respect to which area the issuer demonstrates to the commissioner's satisfaction that the issuer:

(A) reasonably anticipates that it will not have the capacity to deliver services adequately because of obligations to existing covered individuals; and

(B) is acting uniformly without regard to the claims experience of the employer or any health status related factor of employees, employees' dependents, or new employees or dependents who may become eligible for the coverage.

(d) A small or large employer health benefit plan issuer that is unable to offer coverage in a geographic service area in accordance with a determination made by the commissioner under

Subsection (c)(3) may not offer a small or large employer benefit plan, as applicable, in that service area before the 180th day after the later of:

- (1) the date the issuer refuses to offer coverage; or
- (2) the date the issuer demonstrates to the satisfaction of the commissioner that it has regained the capacity to deliver services to small or large employers in the geographic service area.

(e) If the commissioner determines that requiring the acceptance of small or large employers under this chapter would place a small or large employer health benefit plan issuer in a financially impaired condition and that the issuer is acting uniformly without regard to the claims experience of the small or large employer or any health status related factors of eligible employees, eligible employees' dependents, or new employees or dependents who may become eligible for the coverage, the issuer may not offer coverage to small or large employers until the later of:

- (1) the 180th day after the date the commissioner makes the determination; or
- (2) the date the commissioner determines that accepting small or large employers would not place the issuer in a financially impaired condition.

- (1) the effective date of coverage; or
- (2) the first day of the waiting period.

(c) A preexisting condition provision in a small or large employer health benefit plan may not apply to expenses incurred on or after the first anniversary of the initial effective date of coverage of the enrollee, including a late enrollee.

(e) In determining whether a preexisting condition provision applies to an individual covered by a small or large employer health benefit plan, the plan issuer shall credit the time the individual was covered under previous creditable coverage if the previous coverage was in effect at any time during the 12 months preceding the effective date of coverage under the plan. If the previous coverage was issued under a health benefit plan, any waiting period that applied before that coverage became effective must also be credited against the preexisting condition provision period.

health status related factor. The affiliation period may not exceed:

(1) two months for an enrollee, other than a late enrollee;

or

(2) 90 days for a late enrollee.

(c) An affiliation period under a small or large employer health benefit plan must run concurrently with any applicable waiting period under the plan. A health maintenance organization must credit an affiliation period against any preexisting condition provision period.

(d) During an affiliation period, a health maintenance organization:

(1) is not required to provide health care services or benefits to the participant or beneficiary; and

(2) may not charge a premium to the participant or beneficiary.

(a) A small or large employer health benefit plan issuer may establish premium discounts, rebates, or a reduction in otherwise applicable copayments, coinsurance, or deductibles, or any combination of these incentives, in return for participation in programs promoting disease prevention, wellness, and health.

(b) A discount, rebate, or reduction established under this section does not violate Section 541.056(a).

(d) A small or large employer health benefit plan issuer may elect to discontinue a particular type of small or large employer coverage only if the issuer:

(1) before the 90th day preceding the date of the discontinuation of the coverage:

(A) provides notice of the discontinuation to the employer and the commissioner; and

(B) offers to each employer the option to purchase other small or large employer coverage offered by the issuer at the time of the discontinuation; and

Sec. 1501.153. EMPLOYER CONTRIBUTION. (a) This chapter does not require a small employer to make an employer contribution to the

The issuer shall apply the employer contribution level uniformly to each small employer offered or issued coverage by the issuer in this state.

(a-1) Notwithstanding Subsection (a), a small employer health benefit plan issuer may offer a small employer the option of a small employer health benefit plan for which the employer is required to contribute 100 percent of the premium paid. (1) the employer obtains a written waiver from each eligible employee who declines coverage under a health benefit plan offered to the employer stating that the employee was not induced or pressured to decline coverage because of the employee's risk characteristics; and

(2) the issuer accepts or rejects the entire group of eligible employees who choose to participate and excludes only those employees who have declined coverage.

(c) A small employer health benefit plan issuer may underwrite the group of eligible employees who do not decline coverage under Subsection (b).

**SUBCHAPTER E. UNDERWRITING AND RATING OF SMALL EMPLOYER HEALTH
BENEFIT PLANS**

Sec. 1501.201. DEFINITIONS. In this subchapter:

(1) "Base premium rate" means, for each class of business and for a specific rating period, the lowest premium rate that is charged or that could be charged under a rating system for that class of business by a small employer health benefit plan issuer to small employers with similar case characteristics for small employer health benefit plans that provide the same or similar coverage.

(2) "Case characteristics" means, with respect to a small employer, the geographic area in which the employer's employees reside, the age and gender of the individual employees and their dependents, the number of employees and dependents, the appropriate industry classification as determined by the small employer health benefit plan issuer, and other objective criteria established by the issuer that are considered by the issuer in setting premium rates for the employer. The term does not include:

(A) health status related factors;

(B) duration of coverage since the date of issuance of a health benefit plan; or

(C) whether a covered individual is or may become pregnant.

(3) "Class of business" means all small employers or a separate grouping of small employers established under this subchapter.

(4) "Index rate" means, for each class of business and for a specific rating period for small employers with similar case characteristics, the arithmetic average of the applicable base premium rate and corresponding highest premium rate.

(5) "New business premium rate" means, for each class of business and for a specific rating period, the lowest premium rate that is charged or offered or that could be charged or offered by a small employer health benefit plan issuer to small employers with similar case characteristics for newly issued small employer health benefit plans that provide the same or similar coverage.

(6) "Rating period" means a calendar period during which premium rates established by a small employer health benefit plan issuer are assumed to be in effect.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.202. ESTABLISHMENT OF CLASSES OF BUSINESS. (a) Except as otherwise provided by this subchapter, a small employer health benefit plan issuer may not establish a separate class or classes of business for small employers.

(b) A small employer health benefit plan issuer may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative costs related to the following reasons:

(1) the issuer uses more than one type of system to market and sell small employer health benefit plans to small employers;

(2) the issuer has acquired a class of business from another small employer health benefit plan issuer; or

(3) the issuer provides coverage to one or more employer-based association groups.

(c) Except as provided by Subsection (e), a small employer health benefit plan issuer may not establish more than nine separate classes of business under this section.

(d) The commissioner may adopt rules to provide for a transition period to permit a small employer health benefit plan issuer to comply with Subsection (c) after acquiring an additional class of business from another small employer health benefit plan issuer.

(e) On application to the commissioner, the commissioner may approve the establishment of additional classes of business if the commissioner finds that the establishment of additional classes would enhance the efficiency and fairness of the health coverage market for small employers.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.203. ESTABLISHMENT OF CLASSES OF BUSINESS ON CERTAIN BASES PROHIBITED. (a) A small employer health benefit plan issuer may not establish a separate class of business based on:

(1) participation requirements; or

(2) whether the coverage provided to a small employer group is provided on a guaranteed issue basis or is subject to underwriting

or proof of insurability.

(b) A small employer health benefit plan issuer may not directly or indirectly use as a criterion for establishing a separate class of business:

(1) the number of employees and dependents of a small employer; or

(2) except as provided by Section 1501.202(b)(3), the trade or occupation of the employees of a small employer or the industry or type of business of the small employer.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.204. INDEX RATES. Under a small employer health benefit plan:

(1) the index rate for a class of business may not exceed the index rate for any other class of business by more than 20 percent; and

(2) premium rates charged during a rating period to small employers in a class of business with similar case characteristics for the same or similar coverage, or premium rates that could be charged to those employers under the rating system for that class of business, may not vary from the index rate by more than 25 percent.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.205. PREMIUM RATES: ESTABLISHMENT. (a) In this section:

(1) "Risk characteristic" means:

(A) a health status related factor;

(B) the duration of coverage; or

(C) any characteristic similar to a characteristic described by Paragraph (A) or (B) that is related to the health status or experience of a small employer group or of any member of a small employer group.

(2) "Risk load" means the percentage above the applicable base premium rate a small employer health benefit plan issuer charges to a small employer to reflect the risk characteristics associated with that particular small employer group.

(b) Small employer health benefit plan issuers shall develop

premium rates for each small employer group in a two-step process. In the first step, the small employer health benefit plan issuer shall develop a base premium rate for each small employer group without regard to any risk characteristic of the group. In the second step, the small employer health benefit plan issuer may adjust the resulting base premium rate by the risk load of the group, subject to this subchapter, to reflect the risk characteristics of the group.

(c) The risk load assessed to a particular group shall reflect the risk characteristics of the particular group.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.206. PREMIUM RATES: ADJUSTMENTS. (a) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of:

(1) the percentage change in the new business premium rate, measured from the first day of the preceding rating period to the first day of the new rating period;

(2) any adjustment, not to exceed 15 percent annually and adjusted pro rata for a rating period of less than one year, due to the claims experience, health status, or duration of coverage of the employees or dependents of employees of the small employer, as determined under the small employer health benefit plan issuer's rate manual for the class of business; and

(3) any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined under the issuer's rate manual for the class of business.

(b) An adjustment in the premium rate for claims experience, health status, or duration of coverage:

(1) may not be charged to individual employees or dependents; and

(2) must be applied uniformly to the rates charged for all employees and dependents of employees of the small employer.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.207. PREMIUM RATE ADJUSTMENT IN CLOSED PLAN. For a closed health benefit plan under which a small employer health

benefit plan issuer is no longer enrolling new small employers, the issuer shall use the percentage change in the base premium rate to adjust premium rates under Section 1501.206(a)(1). The portion of change in premium rates computed under that subdivision may not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan under which the issuer is enrolling new small employers.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.208. PREMIUM RATES: INDUSTRY CLASSIFICATION. A small employer health benefit plan issuer may use the industry classification to which a small employer belongs as a case characteristic in establishing the premium rate, but the highest rate factor associated with any industry classification may not exceed by more than 15 percent the lowest rate factor associated with any industry classification.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.209. PREMIUM RATES: NUMBER OF EMPLOYEES. A small employer health benefit plan issuer may use the number of employees and dependents of a small employer as a case characteristic in establishing premium rates for the group. The highest rate factor associated with a classification based on the number of employees and dependents of a small employer may not exceed by more than 20 percent the lowest rate factor associated with a classification based on the number of employees and dependents of a small employer.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.210. PREMIUM RATES: NONDISCRIMINATION. (a) A small employer health benefit plan issuer shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors must produce premium rates for identical groups that:

(1) differ only by the amounts attributable to health benefit plan design; and

(2) do not reflect differences because of the nature of the groups assumed to select particular health benefit plans.

(b) A small employer health benefit plan issuer shall treat each health benefit plan issued or renewed in the same calendar month as having the same rating period.

(c) Without the prior approval of the commissioner, a small employer health benefit plan issuer may not use case characteristics other than:

(1) the geographic area in which the small employer's employees reside;

(2) the age and gender of the individual employees and their dependents;

(3) the number of employees and dependents; and

(4) the appropriate industry classification.

(d) Premium rates for a small employer health benefit plan must comply with the requirements of this chapter, notwithstanding any assessment paid or payable by a small employer health benefit plan issuer.

(e) A small employer health benefit plan issuer may not transfer a small employer involuntarily into or out of a class of business. The issuer may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all other small employers in the employer's class of business without regard to case characteristics, claims experience, health status, or duration of coverage since the issuance of the health benefit plan.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.211. RULES CONCERNING PREMIUM RATES. Rules adopted under Section 1501.010 may ensure that:

(1) rating practices used by small employer health benefit plan issuers are consistent with the purposes of this chapter; and

(2) differences in premium rates charged for each small employer health benefit plan are reasonable and reflect objective differences in plan design.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.212. RESTRICTED PROVIDER NETWORK. (a) A small

employer health benefit plan may use a restricted provider network to provide benefits under the plan.

(b) A small employer health benefit plan that uses a restricted provider network does not provide similar coverage to a plan that does not use a restricted provider network if the use of the network results in reduced premium rates charged to the small employer or substantial differences in claim costs.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.213. PREMIUM RATES: HEALTH MAINTENANCE ORGANIZATION HEALTH BENEFIT PLAN. (a) The premium rates for a state-approved health benefit plan offered by a health maintenance organization under Section 1501.255 must be established in accordance with formulas or schedules of charges filed with the department.

(b) A health maintenance organization that participates in a purchasing cooperative that provides employees of small employers a choice of health benefit plans may use rating methods in accordance with this subchapter that are used by other small employer health benefit plan issuers participating in the same cooperative, including rating by age and gender, if the health maintenance organization has established:

(1) a separate class of business, as provided by Section 1501.202; and

(2) a separate line of business, as provided under Section 1501.255(b).

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.215. REPORTING REQUIREMENTS. (a) Annually, each small employer health benefit plan issuer that offers a small employer health benefit plan shall file with the commissioner an actuarial certification stating that the issuer's underwriting and rating methods:

- (1) comply with accepted actuarial practices;
- (2) are uniformly applied to each small employer health benefit plan covering a small employer; and
- (3) comply with this subchapter.

(b) Each small employer health benefit plan issuer shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based on commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(c) A small employer health benefit plan issuer shall make the information and documentation described in Subsection (b) available to the commissioner on request. Unless the information or documentation relates to a violation of this chapter, the information or documentation is considered proprietary and trade secret information and is not subject to disclosure by the commissioner to a person outside the department except as agreed to by the issuer or as ordered by a court.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.216. PREMIUM RATES: NOTICE OF INCREASE. (a) Not less than 60 days before the date on which a premium rate increase takes effect on a small employer health benefit plan delivered or issued for delivery in this state by an insurer, the insurer shall:

- (1) give written notice to the small employer of the effective date of the increase; and
- (2) provide the small employer a table that clearly lists:
 - (A) the actual dollar amount of the premium on the date of the notice;
 - (B) the actual dollar amount of the premium after the

premium rate increase; and

(C) the percentage change between the amounts described by Paragraphs (A) and (B).

(b) The notice required by this section must be based on coverage in effect on the date of the notice.

(c) This section may not be construed to prevent an insurer, at the request of a small employer, from negotiating a change in benefits or rates after delivery of the notice required by this section.

(d) An insurer may not require a small employer entitled to notice under this section to respond to the insurer to renew the policy or take other action relating to the renewal or extension of the policy before the 45th day after the date the notice described by Subsection (a) is given.

(e) The notice required by this section must include:

(1) contact information for the department, including information concerning how to file a complaint with the department;

(2) contact information for the Texas Consumer Health Assistance Program, including information concerning how to request from the program consumer protection information or assistance with filing a complaint; and

- (2) has failed to market fairly to all small employers in the state or in the issuer's established geographic service area; or
- (3) has failed to provide coverage to eligible small employers.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

(a) The system may not reimburse a reinsured health benefit plan issuer for the claims of a reinsured individual until the issuer has incurred an initial level of claims of \$5,000 in a calendar year for that individual for benefits covered by the system. In addition, the reinsured health benefit plan issuer is responsible for 10 percent of the next \$50,000 of benefit payments during a calendar year, and the system shall reinsure the remainder. A reinsured health benefit plan issuer's liability to a reinsured individual may not exceed a maximum of \$10,000 in a calendar year.

(b) The board annually shall adjust the initial level of claims and the maximum liability to be retained by a reinsured health benefit plan issuer under Subsection (a) to reflect increases in:

(1) costs; and

(2) the use of small employer health benefit plans in this state.

(c) An adjustment under Subsection (b) may not be less than the annual change in the medical component of the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the United States Department of Labor unless the board proposes and the commissioner approves a lower adjustment factor.

(b) The method adopted must:

(1) include a classification system for small employer groups that reflects the variations in premium rates allowed by this chapter; and

(2) provide for the development of base reinsurance premium rates that reflect the allowable variations.

(c) Subject to approval by the commissioner, the board shall establish the base reinsurance premium rates at levels that reasonably approximate the gross premiums charged to small employers by small employer health benefit plan issuers for small employer health benefit plans, adjusted to reflect retention levels required under this subchapter.

(d) The board shall periodically review the method adopted under this section, including the classification system and any rating factors, to ensure that the method reasonably reflects the claims experience of the system. The board may propose changes to the method. Any changes are subject to approval by the commissioner.

(e) An entire small employer group may be reinsured at a rate that is 1-1/2 times the base reinsurance premium rate for that group. An eligible employee of a small employer or the employee's dependent covered under a small employer health benefit plan may be reinsured at a rate that is five times the base reinsurance premium rate for that individual.

(f) The board may consider adjustments to the premium rates charged by the system to reflect the use of effective cost containment and managed care arrangements.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.319. DETERMINATION OF NET LOSS. (a) Not later than March 1 of each year, the board shall determine the system's net loss for the preceding calendar year, including administrative expenses and incurred losses for the year, and report the net loss to the commissioner.

(b) In determining the net loss, the board shall take into account investment income and other appropriate gains and losses.

Sec. 1501.320. ASSESSMENTS TO RECOVER NET LOSSES. (a) The board shall recover any net loss of the system by assessing each reinsured health benefit plan issuer an amount determined annually by the board based on information in annual statements and other reports required by and filed with the board.

(b) The board shall establish, as part of the plan of operation, a formula by which to make assessments against reinsured health benefit plan issuers. With the approval of the commissioner, the board may periodically change the assessment formula as appropriate. The board shall base the assessment formula on each reinsured issuer's share of:

(1) the total premiums earned in the preceding calendar year from small employer health benefit plans delivered or issued for delivery by reinsured health benefit plan issuers to small employer groups in this state; and

(2) the premiums earned in the preceding calendar year from newly issued small employer health benefit plans delivered or issued

for delivery during the calendar year by reinsured health benefit plan issuers to small employer groups in this state.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.321. LIMITS ON ASSESSMENTS. (a) The formula established under Section 1501.320(b) may not result in an assessment for a reinsured health benefit plan issuer that is less than 50 percent or more than 150 percent of an amount based on the proportion of the total premiums earned in the preceding calendar year from small employer health benefit plans delivered or issued for delivery to small employer groups in this state by that issuer to the total premiums earned in the preceding calendar year from small employer health benefit plans delivered or issued for delivery to small employer groups in this state by all reinsured health benefit plan issuers.

(b) In determining assessments, the board may not consider premiums earned by a reinsured health benefit plan issuer that are less than an amount determined by the board to justify the cost of collecting an assessment based on those premiums.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.322. ADJUSTMENT TO ASSESSMENTS ON FEDERALLY QUALIFIED HEALTH MAINTENANCE ORGANIZATIONS. With the commissioner's approval, the board may adjust the formula established under Section 1501.320(b) for a reinsured health benefit plan issuer that is an approved health maintenance organization that is federally qualified under Title XIII, Public Health Service Act (42 U.S.C. Section 300e et seq.), to the extent that any restriction is imposed on that issuer that is not imposed on other issuers.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.323. ADVANCE INTERIM ASSESSMENTS. (a) The system may make advance interim assessments as reasonable and necessary for organizational and interim operating expenses.

(b) After the end of the fiscal year, the system shall credit

an interim assessment made under this section as an offset against regular assessments due.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.324. LIMIT ON TOTAL ASSESSMENTS. Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1501.325. ESTIMATE OF ASSESSMENTS; EVALUATION AND PROTECTION OF SYSTEM. (a) Not later than March 1 of each year, the board shall file with the commissioner an estimate of the assessments necessary to fund the losses for small employer groups incurred by the system during the preceding calendar year.

(b) If the board determines that the necessary assessments exceed five percent of the total premiums earned in the preceding calendar year from small employer health benefit plans delivered or issued for delivery by reinsured health benefit plan issuers to small employer groups in this state, the board shall evaluate the operation of the system and shall report its findings, including any recommendations for changes to the plan of operation, to the commissioner not later than April 1 of the year following the calendar year in which the losses were incurred. The evaluation must:

- (1) include an estimate of future assessments; and
- (2) consider:
 - (A) the administrative costs of the system;
 - (B) the appropriateness of the premiums charged;
 - (C) the level of health benefit plan issuer retention under the system; and
 - (D) the costs of coverage for small employer groups.

(c) If the board fails to timely file a report required by Subsection (b), the commissioner may:

- (1) evaluate the operations of the system; and
- (2) implement amendments to the plan of operation that the

commissioner considers necessary to reduce future losses and assessments.

(d) A reinsured health benefit plan issuer may not cede additional eligible lives to the system during a calendar year if the assessment amount payable for the preceding calendar year is at least five percent of the total premiums earned in that calendar year from small employer health benefit plans delivered or issued for delivery by reinsured health benefit plan issuers in this state.

(e) A reinsured health benefit plan issuer may not cede additional eligible lives to the system after the board determines that the expected loss from the reinsurance system for a year will exceed the total amount of assessments payable at a rate of five percent of the total premiums earned for the preceding calendar year. A reinsured health benefit plan issuer may not resume ceding additional eligible lives to the system until the board determines that the expected loss will be less than the maximum established by this subsection.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Amended by:

Acts 2005, 79th Leg., Ch. 823 (S.B. 805), Sec. 5, eff. September 1, 2005.

(b) The commissioner may defer all or part of the assessment if the commissioner determines that payment of the assessment would endanger the ability of the reinsured health benefit plan issuer to fulfill its contractual obligations.

(c) The board shall assess the amount of a deferred assessment against other reinsured health benefit plan issuers in a manner consistent with the basis for assessment established by this subchapter.

(d) A reinsured health benefit plan issuer that receives a deferment:

- (1) is liable to the system for the amount deferred; and
- (2) until the issuer pays the outstanding assessment, may

not:

(A) market, deliver, or issue for delivery a small employer health benefit plan; or

(B) reinsure any individual or group with the system.

 (3) apply for a particular small employer health benefit plan; or

(4) become or not become a member of a particular small employer health coalition.

(c) Subsection (b) does not apply to an arrangement that

provides compensation to an agent based on a percentage of premium, provided that:

(1) the percentage may not vary because of health status or claims experience; and

(2) the small employer health benefit plan issuer does not:

(A) exclude any additional premium charged to the small employer because of health status or claims experience from the premium amount to which the percentage is applied; or

(B) apply a smaller percentage to any additional premium charged to the small employer because of health status or claims experience than is applied to other premiums charged to the small employer.

(d) A small employer health benefit plan issuer or agent may not encourage a small employer to exclude an eligible employee from health coverage provided in connection with the employee's employment.

(b) A small employer health benefit plan issuer may not implement, directly or indirectly, agent commission schedules that vary the level of agent commissions based on the size of the group or otherwise reduce access to small employer health benefit plans.

(c) Notwithstanding Subsection (b), a small employer health

benefit plan issuer may:

(1) vary agent commission amounts or percentages based on group size if the variation in the commission amounts or percentages are inversely related to the size of the group;

(2) vary agent commission amounts or percentages based on the cumulative premium paid by a single small employer over a specific period if the variation in the commission amounts or percentages are inversely related to the cumulative premium paid during the period; or

(3) pay agent commissions as a percentage of premiums charged to a small employer if the commission percentage is based on all premiums paid by the small employer.

- (1) receipt of all enrollment data; and

(d) On a determination by the board of trustees that the special contingency reserve has attained an amount estimated by the board to make satisfactory provision for adverse fluctuations in future charges, claims, or expenses under the plan, any further excess shall be deposited to the credit of the employees life, accident, and health insurance and benefits fund.

(e) On discontinuation of a plan, any balance remaining in the special contingency reserve after all charges have been made shall be deposited to the credit of the employees life, accident, and health insurance and benefits fund. SUBTITLE J. HEALTH INFORMATION TECHNOLOGY
CHAPTER 1660. ELECTRONIC DATA EXCHANGE
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 1660.001. FINDINGS AND PURPOSE. (a) The legislature finds that patients deserve accurate, instantaneous information about coverage and financial responsibility to make well-informed decisions about their treatment and spending.

(b) The legislature finds that the ability of health benefit plan issuers and administrators to exchange eligibility and benefit information with physicians, health care providers, hospitals, and patients will ensure a more efficient and effective health care delivery system.

(d) The legislature finds that patients often request information about their health care coverage from their health care providers and that health care providers therefore need access to real-time information about their patients' eligibility to receive health care under the health benefit plan, coverage of health care under the health benefit plan, and the benefits associated with the health benefit plan.

(e) The legislature finds that adoption of technology by insurers, health maintenance organizations, and health care providers to facilitate use of electronic data exchange standards currently available will make coverage and health care electronic transactions more predictable, reliable, and consistent.

(1) has been filed with and approved by the commissioner;
and

(2) contains the phrase "for information purposes only" or similar language.

(b) If a certificate of insurance form does not contain the language required by Subsection (a)(2), the commissioner may approve the form if the form states:

(1) that the certificate of insurance does not confer any rights or obligations other than the rights and obligations conveyed by the policy referenced on the form; and

(2) that the terms of the policy control over the terms of the certificate of insurance.

(c) A filed form is approved at the expiration of 60 days after the date the form is filed unless the commissioner by order approves or disapproves the form during the 60-day period beginning the date the form is filed. The commissioner's approval of a filed form constitutes a waiver of any unexpired portion of the 60-day period.

(3) requires an agent to provide certification of insurance coverage that is not available in the line or type of insurance coverage referenced on the form; or

(4) directly or indirectly requires the commissioner to make a coverage determination under a policy of insurance or insurance transaction.

(b) The commissioner may not disapprove a form filed under Section 1811.101 or withdraw approval of a form based solely on the fact that the form contains language described by Section 1811.101(b).

(c) An order issued by the commissioner disapproving a form, or a notice of the commissioner's intention to withdraw approval of a form, must state the grounds for the disapproval or withdrawal of approval in sufficient detail to reasonably inform the person filing the form of those grounds and the changes to the form necessary to obtain approval.

Sec. 1901.051. CONSIDERATIONS IN SETTING RATES. (a) In setting rates, an insurer shall consider:

(1) past and prospective loss and expense experience for all professional liability insurance for physicians and health care providers written in this state, subject to Subsection (b);

(2) a reasonable margin for underwriting profit and contingencies;

(3) investment income; and

(4) dividends or savings allowed or returned by the insurer to the insurer's policyholders or members.

(b) If the department finds that the group or risk to be insured is not of sufficient size to be credible, an insurer must also consider in setting rates past and prospective loss and expense experience for all professional liability insurance for physicians and health care providers written outside this state.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

1, 2007.

Sec. 1901.054. LIMITATIONS ON RATES. (a) Rates set under this chapter may not be excessive or inadequate, as described by this section, or unreasonable or unfairly discriminatory.

(b) A rate is not excessive unless the rate is unreasonably high for the insurance coverage provided.

(c) A rate is not inadequate unless the rate is unreasonably low for the insurance coverage provided and:

(1) is insufficient to sustain projected losses and expenses; or

(2) the use of the rate has or, if continued, will have the effect of destroying competition or creating a monopoly.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

(a) Notwithstanding any other provision of this code, an insurer may not consider for the purpose of setting premiums or reducing a claims-free discount for a particular insured physician's professional liability insurance a lawsuit filed against the physician if:

(1) before trial, the lawsuit was dismissed by the claimant or nonsuited; and

(2) no payment was made to the claimant under a settlement agreement.

(b) An insurer that, in setting premiums or reducing a claims-free discount for a physician's professional liability insurance, considers a lawsuit filed against the physician shall refund to the physician any increase in premiums paid by the physician that is attributable to that lawsuit or reinstate the claims-free discount if the lawsuit is dismissed by the claimant or nonsuited without payment

to the claimant under a settlement agreement. The insurer shall issue the refund or reinstate the discount on or before the 30th day after the date the insurer receives written evidence that the lawsuit was dismissed or nonsuited without payment to the claimant under a settlement agreement.

(c) This section does not prohibit an insurer from considering and using aggregate historical loss and expense experience applicable generally to a classification of physicians' professional liability insurance to set rates for that classification to the extent authorized by Chapter 2251 and Article 5.13-2. Notwithstanding Section 2251.052(c), an insurer may not assign a physician to a particular classification based on a factor described by Subsection (a).

(b) A provision of this chapter, Chapter 2251, or Article 5.13-2 relating to the regulation of rates, rating plans, and rating classifications for professional liability insurance for physicians and health care providers does not:

(1) give the commissioner the power to promulgate uniform or absolute rates; or

(2) prevent different insurers or organizations authorized to file rates from filing different rates for risks in a given classification or modified rates for individual risks made in accordance with rating plans.

Sec. 1952.102. UNINSURED MOTOR VEHICLE. (a) For purposes of the coverage required by this subchapter, "uninsured motor vehicle," subject to the terms of the coverage, is considered to include an insured motor vehicle as to which the insurer providing liability insurance is unable because of insolvency to make payment with respect to the legal liability of the insured within the limits specified in the insurance.

(b) The commissioner may, in the policy forms filed under Subchapter B, Chapter 2301, allow "uninsured motor vehicle" to be defined or, in policy forms adopted under Article 5.06, define "uninsured motor vehicle," to exclude certain motor vehicles whose operators are in fact uninsured.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.103. UNDERINSURED MOTOR VEHICLE. For purposes of the coverage required by this subchapter, "underinsured motor vehicle" means an insured motor vehicle on which there is collectible liability insurance coverage with limits of liability for the owner or operator that were originally lower than, or have been reduced by payment of claims arising from the same accident to, an amount less than the limit of liability stated in the underinsured coverage of the insured's policy.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.104. REQUIRED PROVISIONS RELATING TO UNINSURED OR UNDERINSURED MOTORIST COVERAGE. The portion of a policy form adopted under Article 5.06 or filed as provided by Subchapter B, Chapter 2301, to provide coverage under this subchapter must:

(1) provide that, regardless of the number of persons insured, policies or bonds applicable, vehicles involved, or claims made, the total aggregate limit of liability to any one person who sustains bodily injury or property damage as the result of a single occurrence may not exceed the limit of liability for those coverages as stated in the insurance policy and that the total aggregate limit of liability to all claimants, if more than one, may not exceed the total limit of liability per occurrence as stated in the policy;

(2) provide for the exclusion of the recovery of damages for bodily injury or property damage, or both, resulting from the intentional acts of the insured; and

(3) require that, for the insured to recover under the uninsured motorist coverage if the owner or operator of any motor vehicle that causes bodily injury or property damage to the insured is unknown, actual physical contact must have occurred between the motor vehicle owned or operated by the unknown person and the person or property of the insured.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.105. LIABILITY LIMITS. (a) The limits of liability for bodily injury, sickness, disease, or death must be offered to an insured in the amounts desired by the insured, but not in amounts greater than the limits of liability specified in the bodily injury liability provisions of the insured's policy.

(b) Subject to a deductible amount of \$250, coverage for property damage must be offered to an insured in the amounts desired by the insured, but not in amounts greater than the limits of liability specified in the property damage liability provisions of the insured's policy.

(c) Notwithstanding Subsections (a) and (b), amounts of liability limits for bodily injury, sickness, disease, or death and amounts for coverage for property damage may not be offered in amounts less than those prescribed by Chapter 601, Transportation

Code.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.106. RECOVERY UNDER UNDERINSURED MOTORIST COVERAGE. Underinsured motorist coverage must provide for payment to the insured of all amounts that the insured is legally entitled to recover as damages from owners or operators of underinsured motor vehicles because of bodily injury or property damage, not to exceed the limit specified in the insurance policy, and reduced by the amount recovered or recoverable from the insurer of the underinsured motor vehicle.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.107. RECOVERY UNDER COLLISION OR COMBINED COVERAGE. (a) An insured who has collision coverage and uninsured or underinsured property damage liability coverage may recover under the coverage the insured chooses.

(b) If neither the collision coverage or the uninsured or underinsured property damage liability coverage is sufficient alone to cover all damage resulting from a single occurrence, the insured may recover under both coverages. If recovering under both coverages, the insured shall designate one coverage as the primary coverage and pay the deductible applicable to that coverage. The primary coverage must be exhausted before any recovery is made under the secondary coverage.

(c) If both the primary and secondary coverages are used to pay damages from a single occurrence, the insured may not be required to pay the deductible applicable to the secondary coverage when the amount of the deductible otherwise applicable to the secondary coverage is the same as or less than the amount of the deductible applicable to the primary coverage. If both coverages are used to pay damages from a single occurrence and the amount of the deductible otherwise applicable to the secondary coverage is greater than the amount of the deductible applicable to the primary coverage, the insured shall pay the difference between the amount of the two

deductibles with respect to the secondary coverage.

(d) The insured may not recover under both the primary and secondary coverages more than the actual damages suffered.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.108. INSURER'S RIGHT OF RECOVERY. (a) An insurer that makes a payment to any person under any coverage required by this subchapter is subject to the terms of that coverage and, to the extent of the payment, is entitled to the proceeds of any settlement or judgment resulting from the exercise of any right of recovery of the person to whom the payment is made against any person or organization legally responsible for the bodily injury, sickness, disease, or death for which the payment is made, including the proceeds recoverable from the assets of an insolvent insurer.

(b) If, under an insurance policy issued under this subchapter, an insurer makes a payment as a result of the insolvency of another insurer:

(1) the insolvent insurer's insured shall be given credit to the extent of the paying insurer's payment in any judgment obtained against the insured with respect to the insured's legal liability for damages described by Subsection (a); and

(2) subject to Subchapter F, Chapter 462, the paying insurer has the right to proceed directly against the insolvent insurer or that insurer's receiver, and in pursuing that right the paying insurer has any rights that the insolvent insurer's insured might otherwise have had if the insured had made the payment.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.109. BURDEN OF PROOF IN DISPUTE. The insurer has the burden of proof in a dispute as to whether a motor vehicle is uninsured.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 1952.110. VENUE. Notwithstanding Section 15.032, Civil Practice and Remedies Code, an action against an insurer in relation to the coverage provided under this subchapter, including an action to enforce that coverage, may be brought only in the county in which:

- (1) the policyholder or beneficiary instituting the action resided at the time of the accident involving the uninsured or underinsured motor vehicle; or
- (2) the accident occurred.

(b) The coverage required by this subchapter does not apply if any insured named in the insurance policy rejects the coverage in writing. Unless the named insured requests in writing the coverage required by this subchapter, the insurer is not required to provide that coverage in or supplemental to a reinstated insurance policy or renewal insurance policy if the named insured rejected the coverage in connection with that insurance policy or an insurance policy previously issued to the insured by the same insurer or by an affiliated insurer.

(2) any collateral source of medical, hospital, or wage continuation benefits.

(b) Except as provided by Subsection (c), an insurer paying benefits under coverage required by this subchapter does not have a right of subrogation or claim against any other person or insurer to recover any benefits by reason of the alleged fault of the other person in causing or contributing to the accident.

(c) An insurer paying benefits pursuant to this subchapter, including a county mutual insurance company, shall have a right of subrogation and a claim against a person causing or contributing to the accident if, on the date of loss, financial responsibility as required by Chapter 601, Transportation Code, has not been established for a motor vehicle involved in the accident and operated by that person.

the date of an accident within which the original proof of loss with respect to a claim for benefits must be presented to the insurer; and

(b) The classification relativities established under Subsection (a)(2):

(1) must be designed to encourage safety;
 (2) may be territorially based; and
 (3) may reflect a difference in losses between employers of high wage earners and employers of low wage earners within the same class.

(c) The department shall revise the classification system at

least once every five years.

(a) Regardless of a change in a policyholder's ownership, control, management, or operations, incurred claims experience must be used in future ratings to ensure that an employer does not evade an unfavorable or high-cost experience.

(b) On application by an affected party, the department may

modify a rating under Subsection (a) on proof that a change in a policyholder's management or operations is clearly designed to result in a probable reduction of the insured's loss experience.

(c) The commissioner shall adopt rules necessary to implement this section.

(c) The commissioner shall review the information submitted under Subsection (b) to determine the positive or negative impact of the enactment of workers' compensation reform legislation enacted by the 79th Legislature, Regular Session, 2005, on workers' compensation rates and premiums. The commissioner may consider other factors, including relativities under Section 2053.051, in determining whether a change in rates has impacted the premium charged to policyholders.

(d) The commissioner shall implement rules as necessary to mandate rate reductions or to modify the use of individual risk variations if the commissioner determines that the rates or premiums

charged by insurance companies do not meet the rating standards as defined in this code.

(e) The commissioner shall adopt rules as necessary to mandate rate or premium reductions by insurance companies for the use of cost-containment strategies that result in savings to the workers' compensation system, including use of a workers' compensation health care network health care delivery system, as described by Chapter 1305.

Sec. 2210.004. DEFINITION OF INSURABLE PROPERTY. (a) Except as provided by Subsection (h), for purposes of this chapter and subject to this section, "insurable property" means immovable property at a fixed location in a catastrophe area or corporeal movable property located in that immovable property, as designated in the plan of operation, that is determined by the association according to the criteria specified in the plan of operation to be in an insurable condition against windstorm and hail, as determined by normal underwriting standards. The term includes property described by Section 2210.209.

(b) A structure located in a catastrophe area, construction of

which began on or after the 30th day after the date of publication of the plan of operation, that is not built in compliance with building specifications set forth in the plan of operation or continued in compliance with those specifications, does not constitute an insurable risk for purposes of windstorm and hail insurance except as otherwise provided by this chapter.

(c) A structure, or an addition to a structure, that is constructed in conformity with plans and specifications that comply with the specifications set forth in the plan of operation at the time construction begins may not be declared ineligible for windstorm and hail insurance as a result of subsequent changes in the building specifications set forth in the plan of operation.

(d) Except as otherwise provided by this section, if repair of damage to a structure involves replacement of items covered in the building specifications set forth in the plan of operation, the repairs must be completed in a manner that complies with those specifications for the structure to continue to be insurable property for windstorm and hail insurance.

(e) If repair to a structure, other than a roof repair that exceeds 100 square feet, is less than five percent of the total amount of property coverage on the structure, the repairs may be completed in a manner that returns the structure to the structure's condition immediately before the loss without affecting the eligibility of the structure to qualify as insurable property.

(f) This chapter does not preclude special rating of individual risks as may be provided in the plan of operation.

(g) For purposes of this chapter, a residential structure is insurable property if:

(1) the residential structure is not:

(A) a condominium, apartment, duplex, or other multifamily residence; or

(B) a hotel or resort facility;

(2) the residential structure is located within an area designated as a unit under the Coastal Barrier Resources Act (Pub. L. No. 97-348); and

(3) a building permit or plat for the residential structure was filed with the municipality, the county, or the United States Army Corps of Engineers before June 11, 2003.

(h) For purposes of this chapter, a structure is not insurable property if the commissioner of the General Land Office notifies the

association of a determination that the structure is located on the public beach under procedures established under Section 61.011, Natural Resources Code, and that the structure:

(1) constitutes an imminent hazard to safety, health, or public welfare; or

(2) substantially interferes with the free and unrestricted right of the public to enter or leave the public beach or traverse any part of the public beach.

Sec. 2210.005. DESIGNATION AS CATASTROPHE AREA; REVOCATION OF DESIGNATION. (a) After at least 10 days' notice and a hearing, the commissioner may designate an area of the seacoast territory of this state as a catastrophe area if the commissioner determines, unless such a determination results in an adverse impact to the exposure of the association, that windstorm and hail insurance is not reasonably available to a substantial number of the owners of insurable property located in that territory because the territory is subject to unusually frequent and severe damage resulting from windstorms or hailstorms.

(b) The commissioner shall revoke a designation made under Subsection (a) if the commissioner determines, after at least 10 days' notice and a hearing, that the applicable insurance coverage is no longer reasonably unavailable to a substantial number of owners of insurable property within the designated territory.

(c) If the association determines that windstorm and hail insurance is no longer reasonably unavailable to a substantial number of owners of insurable property in a territory designated as a

catastrophe area, the association may request in writing that the commissioner revoke the designation. After at least 10 days' notice and a hearing, but not later than the 30th day after the date of the hearing, the commissioner shall:

An insurer that ceases to be a member of the association remains liable on insurance contracts entered into during the insurer's membership in the association to the same extent and effect as if the insurer's membership in the association had not been terminated.

(c) An insurer that becomes authorized to write and is engaged in writing insurance that requires the insurer to be a member of the association shall become a member of the association on the January 1 following the effective date of that authorization. Sec. 2210.203. ISSUANCE OF COVERAGE; TERM; RENEWAL. (a) If the association determines that the property for which an application for initial insurance coverage is made is insurable property, the association, on payment of the premium, shall direct the issuance of an insurance policy as provided by the plan of operation.

(a-1) This subsection applies only to a structure constructed, altered, remodeled, or enlarged on or after September 1, 2009, and only for insurable property located in areas designated by the commissioner. Notwithstanding Subsection (a), if all or any part of

the property to which this subsection applies is located in Zone V or another similar zone with an additional hazard associated with storm waves, as defined by the National Flood Insurance Program, and if flood insurance under that federal program is available, the association may not issue an insurance policy for initial or renewal coverage unless evidence that the property is covered by a flood insurance policy is submitted to the association. An agent offering or selling a Texas windstorm and hail insurance policy in any area designated by the commissioner under this subsection shall offer flood insurance coverage to the prospective insured, if that coverage is available.

(b) A policy issued under this section is for a one-year term.

(c) A policy may be renewed annually on application for renewal as long as the property continues to be insurable property.

(d) The commissioner, after receiving a recommendation from the board of directors, shall approve a commission structure for payment of an agent who submits an application for coverage to the association on behalf of a person who has an insurable interest in insurable property. The commission structure adopted by the commissioner must be fair and reasonable, taking into consideration the amount of work performed by an agent in submitting an application to the association and the prevailing commission structure in the private windstorm market.

Sec. 2210.204. CANCELLATION OF CERTAIN COVERAGE. (a)

Subsections (b) and (c) apply if:

(1) an agent or another person, firm, or corporation finances the payment of all or a portion of the premium for insurance coverage;

(2) there is an outstanding balance for the financing of the premium; and

(3) that balance, or an installment of that balance, is not paid before the expiration of the 10th day after the due date.

(b) The agent or other person, firm, or corporation to whom the balance described by Subsection (a) is due may request cancellation of the insurance coverage by:

(1) returning the policy, with proof that the insured was notified of the return; or

(2) requesting the association to cancel the insurance coverage by a notice mailed to the insured and to any others shown in the policy as having an insurable interest in the property.

(c) On completion of cancellation under Subsection (b), the association shall refund the unearned premium, less any minimum retained premium set forth in the plan of operation, to the person, firm, or corporation to whom the unpaid balance is due.

(d) If an insured requests cancellation of the insurance coverage, the association shall refund the unearned premium, less any minimum retained premium set forth in the plan of operation, payable to the insured and the holder of an unpaid balance. The property and casualty agent who received a commission as the result of the issuance of an association policy providing the canceled coverage shall refund the agent's commission on any unearned premium in the same manner.

(e) For cancellation of insurance coverage under this section, the minimum retained premium in the plan of operation must be for a period of not less than 90 days, except for events specified in the plan of operation that reflect a significant change in the exposure or the policyholder concerning the insured property, including:

(1) the purchase of similar coverage in the voluntary market;

(2) sale of the property to an unrelated party;

(3) death of the policyholder; or

(4) total loss of the property.

(1) require an insured to file a claim under the policy not later than the first anniversary of the date on which the damage to property that is the basis of the claim occurs; and

(2) contain, in boldface type, a conspicuous notice concerning the resolution of disputes under the policy, including:

(A) the processes and deadlines for appraisal under Section 2210.574 and alternative dispute resolution under Section 2210.575;

(B) the binding effect of appraisal under Section 2210.574; and

(C) the necessity of complying with the requirements of Subchapter L-1 to seek relief, including judicial relief.

(b) The commissioner, on a showing of good cause by a person insured under this chapter, may extend the one-year period described by Subsection (a)(1) for a period not to exceed 180 days.

(2) the underlayments applied for moisture protection; and

(3) all flashings required in the replacement of a roof covering.

(b) Subject to any applicable deductibles and the limits for the coverage purchased by the insured, a windstorm and hail insurance policy issued by the association may include replacement cost coverage for one- and two-family dwellings, including outbuildings, as provided under the dwelling extension coverage in the policy.

(c) If, at the time of loss, the total amount of insurance applicable to a dwelling is equal to 80 percent or more of the full replacement cost of the dwelling or equal to the maximum amount of insurance otherwise available through the association, coverage applicable to the dwelling under the policy is extended to include the full cost of repair or replacement, without a deduction for depreciation.

(d) If, at the time of loss, the total amount of insurance applicable to a dwelling is equal to less than 80 percent of the full replacement cost of the dwelling and less than the maximum amount of insurance available through the association, liability for loss under the policy may not exceed the replacement cost of the part of the dwelling that is damaged or destroyed, less depreciation.

(e) Notwithstanding this chapter or any other law, the commissioner, after notice and hearing, may adopt rules to:

(1) authorize the association to provide actual cash value coverage instead of replacement cost coverage on the roof covering of a building insured by the association; and

(2) establish:

(A) the conditions under which the association may provide that actual cash value coverage;

(B) the appropriate premium reductions when coverage for the roof covering is provided on an actual cash value basis; and

(C) the disclosure that must be provided to the policyholder, prominently displayed on the face of the windstorm and hail insurance policy.

(f) Notwithstanding Chapter 40, a hearing under Subsection (e) shall be held before the commissioner or the commissioner's designee.

(g) The commissioner may adopt rules as necessary to implement this section.

Sec. 2210.208. WINDSTORM AND HAIL INSURANCE: COVERAGE FOR CERTAIN INDIRECT LOSSES. (a) Except as provided by Subsections (e) and (f), a windstorm and hail insurance policy issued by the association for a dwelling, as that term is defined by the department or a successor to the department, must include coverage for:

- (1) wind-driven rain damage, regardless of whether an opening is made by the wind;
- (2) loss of use; and
- (3) consequential losses.

(b) A windstorm and hail insurance policy issued by the association for tenant contents of a dwelling or other residential building must include coverage for loss of use and consequential losses.

(c) The coverage required under Subsection (a) or (b) must be made:

- (1) according to forms approved by the commissioner; and
- (2) for a premium paid by the insured based on rates established by commissioner rule.

(d) The association shall provide coverage under this section as directed by commissioner rule.

(e) The association is not required to offer coverage for indirect losses as provided by Subsection (a) or (b) unless that coverage was excluded from a companion policy in the voluntary market.

(f) The association is not required to provide coverage for:

- (1) loss of use, if the loss is loss of rent or loss of rental value; or
- (2) additional living expenses, if the insured property is a secondary or a nonprimary residence.

(b) After January 1, 2004, for geographic areas specified by the commissioner, the commissioner by rule shall adopt the 2003 International Residential Code for one- and two-family dwellings published by the International Code Council. For those geographic areas, the commissioner by rule may adopt a subsequent edition of that code and may adopt any supplements published by the International Code Council and amendments to that code.

(e) A structure constructed, altered, remodeled, enlarged, or repaired or to which additions were made before January 1, 1988, that is located in an area not governed by a building code recognized by the association is insurable property eligible for windstorm and hail insurance coverage from the association without compliance with the inspection or approval requirements of this section or the plan of operation if the structure was previously insured by an insurer authorized to engage in the business of insurance in this state and the structure is in essentially the same condition as when previously insured, except for normal wear and tear, and is without any structural change other than a change made according to code. For purposes of this subsection, evidence of previous insurance coverage must reflect coverage for the perils of windstorm and hail for the property within the 12-month period immediately preceding the date of the application for coverage through the association and includes:

- (1) a copy of a previous insurance policy;
- (2) copies of canceled checks or agent's records that show payments for previous policies; and

(c) A person may apply to the association on a form prescribed by the department for a certificate of compliance for a completed improvement. The association shall issue a certificate of compliance for a completed improvement if a professional engineer licensed by the Texas Board of Professional Engineers:

(2) completes a sealed post-construction evaluation report that confirms compliance with the applicable building code under the plan of operation.

(d) A person may apply to the department on a form prescribed by the department for a certificate of compliance for an ongoing improvement. Except as provided by Subsection (e), the department shall issue a certificate of compliance for an ongoing improvement if a qualified inspector under Section 2210.254 inspects the ongoing

improvement in accordance with commissioner rule and affirms that the improvement:

(b) For a geographic area specified under Subsection (a), the commissioner by rule may adopt a subsequent edition of the International Residential Code for one- and two-family dwellings and may adopt a supplement published by the International Code Council or an amendment to that code.

(d) The assessment must be based on each insurer's proportionate share of the total extended coverage and other allied lines premium received by all insurers for property insurance in the first tier coastal counties in the calendar year preceding the year in which the assessment is made.

(e) The commissioner shall adopt rules to implement the assessment of insurers under this section.

(a) The department has exclusive authority over all matters relating to the appointment and oversight of qualified inspectors for purposes of this chapter and to the physical inspection of structures for the purposes of determining whether to issue a certificate of compliance under Section 2210.2515(d), including the submission of documents to the department or association regarding the physical inspection of structures.

(b) The commissioner by rule shall establish criteria to ensure that a person seeking appointment as a qualified inspector under this subchapter possesses the knowledge, understanding, and professional competence to perform windstorm inspections for the issuance of a

certificate of compliance under Section 2210.2515(d) and to comply with other requirements of this chapter.

(1) suspension of the appointment for a specific period, not to exceed one year;

(2) issuance of an order directing the appointee to cease and desist from the specified activity or failure to act determined to be in violation of this subchapter or rules of the commissioner adopted under this subchapter; or

(c) A fine paid as a result of an order issued under Subsection (b)(3) shall be deposited in the general revenue fund.

(a) Except as provided by Subsection (a-1), an insurance policy insuring a noncompliant residential structure under Section 2210.251(f) is subject to an annual premium surcharge in an amount equal to 15 percent of the premium for insurance coverage obtained through the association. The surcharge under this subsection applies to each policy issued or renewed by the association on or after the effective date of Sections 5 through 49, H.B. No. 4409, Acts of the 81st Legislature, Regular Session, 2009, and is due on the issuance or renewal of the policy.

(a-1) For a policy insuring a noncompliant residential structure eligible for coverage under Section 2210.258(c), the association shall charge:

(1) a premium based on the rate charged in the voluntary market for the portion of the canceled or nonrenewed policy that provides windstorm and hail insurance coverage for the applicable risk; and

Sec. 2210.355. GENERAL RATE REQUIREMENTS; RATE STANDARDS. (a) Rates for coverage under this chapter must be made in accordance with

this section.

(b) In adopting rates under this chapter, the following must be considered:

(1) the past and prospective loss experience within and outside this state of hazards for which insurance is made available through the plan of operation, if any;

(2) expenses of operation, including acquisition costs;

(3) a reasonable margin for profit and contingencies;

(4) payment of public security obligations issued under this chapter, including the additional amount of any debt service coverage determined by the association to be required for the issuance of marketable public securities; and

(5) all other relevant factors, within and outside this state.

(c) Rates must be reasonable, adequate, not unfairly discriminatory, and nonconfiscatory as to any class of insurer.

(d) For the establishment of rates and minimum premiums, the risks may be grouped by classification.

(e) Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in those risks on the basis of any or all of the factors described by Subsection (b). The classification rates may include rules for classification of risks insured under this chapter and rate modifications to those classifications.

(f) Each provision regarding a rate, classification, standard, or premium must be made without prejudice to, or prohibition of, provision by the association for consent rates on individual risks if the rate and risk are acceptable to the association, and are analogous to the rate provided for under Article 5.26(a). This subsection applies regardless of whether such a risk would otherwise be subject to or the subject of a rate classification provision or eligibility provision.

(g) A commission paid to an agent for a windstorm and hail insurance policy issued by the association must comply with the commission structure approved by the commissioner under Section 2210.203(d) and be reasonable, adequate, not unfairly discriminatory, and nonconfiscatory.

(h) In adopting rates under this chapter, recognized catastrophe models may be considered.

(i) The association may establish rating territories and may vary rates among the territories as provided by this subsection. A rating territory that subdivides a county may be used only if the rate for any subdivision in the county is not more than:

(A) five percent higher than the rate used by the association in 2009 in any other subdivision in the county;

(B) six percent higher than the rate used by the association in 2010 in any other subdivision in the county;

(C) seven percent higher than the rate used by the association in 2011 in any other subdivision in the county; and

(D) eight percent higher than the rate used by the association in 2012 in any other subdivision in the county.

Sec. 2210.359. LIMITATION ON CERTAIN RATE CHANGES. (a) Except as otherwise provided by this subsection, a rate approved by the commissioner under this subchapter may not reflect an average rate change that is more than 10 percent higher or lower than the rate for commercial windstorm and hail insurance or 10 percent higher or lower than the rate for noncommercial windstorm and hail insurance in effect on the date the filing is made. The rate may not reflect a rate change for an individual rating class that is 15 percent higher or lower than the rate for that individual rating class in effect on the date the filing is made. This subsection does not apply to a rate filed under Sections 2210.351(a)-(d).

(b) The commissioner may, after notice and hearing, suspend this section on a finding that a catastrophe loss or series of occurrences resulting in losses in the catastrophe area justify a need to ensure:

- (1) rate adequacy in the catastrophe area; and
- (2) availability of insurance outside the catastrophe area.

(1) the construction, alteration, remodeling, enlargement, or repair of, or an addition to, insurable property exceeds applicable building code standards set forth in the plan of operation; or

(2) the person elects to purchase a binding arbitration endorsement under Section 2210.554.

(b) A premium discount or a credit against a surcharge under Subsection (a)(2) may not exceed 10 percent of the premium for the policy, before the application of the discount.

Sec. 2210.452. ESTABLISHMENT AND USE OF TRUST FUND. (a) The commissioner shall adopt rules under which the association makes payments to the catastrophe reserve trust fund. Except as otherwise specifically provided by this section, the trust fund may be used only for purposes directly related to funding the payment of insured losses, including:

(c) At the end of each calendar year or policy year, the association shall use the net gain from operations of the association, including all premium and other revenue of the association in excess of incurred losses, operating expenses, public security obligations, and public security administrative expenses, to make payments to the trust fund, procure reinsurance, or use alternative risk financing mechanisms, or to make payments to the trust fund and procure reinsurance or use alternative risk financing mechanisms.

(d) The commissioner by rule shall establish the procedure relating to the disbursement of money from the trust fund to policyholders and for association administrative expenses directly related to funding the payment of insured losses in the event of an occurrence or series of occurrences within a catastrophe area that results in a disbursement under Subchapter B-1.

(e) The trust fund may be terminated only by law. On termination of the trust fund, all assets of the trust fund revert to the state to provide funding for the mitigation and preparedness plan established under Section 2210.454.

The comptroller's investment of that portion of the balance is not subject to any other limitation or other requirement provided by Section 404.024, Government Code.

(b) At least once each 12-month period, the board of directors shall determine a balance for the trust fund that the board considers to be sufficient to meet the cash flow requirements of the fund in funding the payment of insured losses as provided by Section 2210.452(a). After determining that sufficient balance, the board shall provide notice of the sufficient balance to the comptroller.

(c) Not later than the 30th day after the date the board of directors provides notice of the sufficient balance determined under Subsection (b), the comptroller shall adjust the investment portfolio of trust fund money to ensure that only the portion of the fund that exceeds the sufficient balance is invested as required by Subsection (a).

(c) The mitigation and preparedness plan must provide for actions to be taken in the seacoast territory by the commissioner, or

by a local government, state agency, educational institution, or nonprofit organization designated by the commissioner in the plan, to implement programs to:

 - (B) educate or inform the public in determining the appropriateness of particular upgrades to structures; or
 - (C) protect infrastructure from potential damage from those catastrophes.

 - (A) a windstorm with a four percent chance of occurring during the period covered by the plan;
 - (B) a windstorm with a two percent chance of occurring

during the period covered by the plan; and

(c) The catastrophe plan must include a description of how losses under association policies will be paid, and how claims under association policies will be administered and adjusted, during the period covered by the plan.

SUBCHAPTER K. LIABILITY LIMITS

Sec. 2210.501. MAXIMUM LIABILITY LIMITS. (a) The board of directors shall propose the maximum liability limits under a windstorm and hail insurance policy issued by the association under this chapter. The maximum liability limits must be approved by the commissioner.

(b) Subject to Section 2210.502, the maximum liability limits for coverage on a single insurable property may not be less than:

(1) \$350,000 for:

(A) a dwelling, including an individually owned townhouse unit; and

(B) the corporeal movable property located in or about the dwelling and, as an extension of coverage, away from those premises, as provided under the policy;

(2) \$2,192,000 for a building, and the corporeal movable property located in the building, if the building is:

(A) owned by, and at least 75 percent of which is occupied by, a governmental entity; or

(B) not owned by, but is wholly and exclusively occupied by, a governmental entity;

(3) \$125,000 for individually owned corporeal movable

property located in an apartment unit, residential condominium unit, or townhouse unit that is occupied by the owner of that property and, as an extension of coverage, away from those premises, as provided under the policy; and

(4) \$1,500,000 for:

(A) a structure other than a dwelling or a public building; and

(B) the corporeal movable property located in that structure and, as an extension of coverage, away from those premises, as provided under the policy.

Sec. 2210.502. ADJUSTMENTS TO MAXIMUM LIABILITY LIMITS. (a) Not later than September 30 of each year, the board of directors shall propose inflation adjustments to the maximum liability limits imposed under Section 2210.501 in increments of \$1,000, rounded to the nearest \$1,000, considering the limits imposed by Section 2210.501(b), at a rate that reflects any change in the BOECKH Index. If the BOECKH Index ceases to exist, the board of directors shall propose the adjustments in the same manner based on another index that the board of directors determines accurately reflects changes in the cost of construction or residential values in the catastrophe area.

(b) An adjustment to the maximum liability limits that is approved by the commissioner applies to each windstorm and hail insurance policy delivered, issued for delivery, or renewed on or after January 1 of the year following the date of the approval. The indexing of the limits shall adjust for changes occurring on and after January 1, 1997.

(c) The board of directors may propose additional increases in the maximum liability limits as the board determines necessary to implement the purposes of this chapter.

(d) Notwithstanding Section 2210.501(b), the maximum liability limit imposed under Section 2210.501(b)(2) is frozen, and the indexing and adjustments provided by this section do not apply to

that limit, until the limit imposed on a structure subject to Section 2210.501(b)(4) and the corporeal property located in that structure reaches or exceeds \$2,192,000, at which time the limit imposed under Section 2210.501(b)(2) shall be indexed and adjusted as provided for a risk under Section 2210.501(b)(4).

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 2210.503. FILING OF PROPOSED ADJUSTMENTS WITH COMMISSIONER. Not later than the 10th day after the date a proposed adjustment to the maximum liability limits is determined under Section 2210.501(a) or (b) or Section 2210.502, the association shall file the proposed adjustments with the commissioner in writing. The filing must include:

- (1) a statement of the proposed adjusted limits;
- (2) a statement of the limits in effect immediately preceding the effective date of the proposed adjustment;
- (3) a brief summary of the changes to the BOECKH Index or other index on which the proposed adjustments are based; and
- (4) a brief summary of the computations used in determining the proposed adjustments.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 2210.504. COMMISSIONER ACTION ON PROPOSED ADJUSTMENTS.

(a) Not later than the 60th day after the date of receipt of a filing under Section 2210.503, and after notice and hearing, the commissioner by order shall approve, disapprove, or modify the proposed adjustment to the maximum liability limits.

(b) Notwithstanding Subsection (a) and Sections 2210.501(c), 2210.502(a)-(c), and 2210.503, the commissioner may not approve adjustments of maximum liability limits to amounts lower than the amounts prescribed under Section 2210.501(b).

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 2210.505. REINSURED EXCESS LIMITS. (a) Notwithstanding any other law, the association may issue a windstorm and hail insurance policy that includes coverage for an amount in excess of a maximum liability limit established under Sections 2210.501-2210.504 if the association first obtains from a reinsurer approved by the commissioner reinsurance for the full amount of policy exposure above that limit.

(b) The premium charged by the association for the excess coverage must equal the amount of the reinsurance premium charged to the association by the reinsurer, plus any payment to the association that is approved by the commissioner.

(c) The commissioner shall adopt rules as necessary to implement this section.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 2, eff. April 1, 2007.

Sec. 2210.573. FILING OF CLAIM; CLAIM PROCESSING. (a) Subject to Section 2210.205(b), an insured must file a claim under an association policy not later than the first anniversary of the date on which the damage to property that is the basis of the claim occurs.

(b) The claimant may submit written materials, comments, documents, records, and other information to the association relating to the claim. If the claimant fails to submit information in the claimant's possession that is necessary for the association to determine whether to accept or reject a claim, the association may, not later than the 30th day after the date the claim is filed, request in writing the necessary information from the claimant.

(c) The association shall, on request, provide a claimant reasonable access to all information relevant to the determination of the association concerning the claim. The claimant may copy the information at the claimant's own cost or may request the association to provide a copy of all or part of the information to the claimant. The association may charge a claimant the actual cost incurred by the association in providing a copy of information under this section, excluding any amount for labor involved in making any information or copy of information available to a claimant.

(d) Unless the applicable 60-day period described by this subsection is extended by the commissioner under Section 2210.581, not later than the later of the 60th day after the date the association receives a claim or the 60th day after the date the association receives information requested under Subsection (b), the association shall provide the claimant, in writing, notification that:

- (1) the association has accepted coverage for the claim in full;
- (2) the association has accepted coverage for the claim in part and has denied coverage for the claim in part; or
- (3) the association has denied coverage for the claim in full.

(e) In a notice described by Subsection (d)(1), the association must inform the claimant of the amount of loss the association will pay and of the time limit to request appraisal under Section

2210.574.

(f) In a notice described by Subsection (d)(2) or (3), the association must inform the claimant of, as applicable:

(1) the portion of the loss for which the association accepts coverage and the amount of loss the association will pay;

(2) the portion of the loss for which the association denies coverage and a detailed summary of the manner in which the association determined not to accept coverage for that portion of the claim; and

(3) the time limit to:

(A) request appraisal under Section 2210.574 of the portion of the loss for which the association accepts coverage; and

(B) provide notice of intent to bring an action as required by Section 2210.575.

(g) In addition to the notice required under Subsection (d)(2) or (3), the association shall provide a claimant with a form on which the claimant may provide the association notice of intent to bring an action as required by Section 2210.575.

Added by Acts 2011, 82nd Leg., 1st C.S., Ch. 2 (H.B. 3), Sec. 41, eff. September 28, 2011.

Sec. 2210.5731. PAYMENT OF CLAIM. (a) Except as provided by Subsection (b), if the association notifies a claimant under Section 2210.573(d)(1) or (2) that the association has accepted coverage for a claim in full or has accepted coverage for a claim in part, the association shall pay the accepted claim or accepted portion of the claim not later than the 10th day after the date notice is made.

(b) If payment of the accepted claim or accepted portion of the claim is conditioned on the performance of an act by the claimant, the association shall pay the claim not later than the 10th day after the date the act is performed.

Added by Acts 2011, 82nd Leg., 1st C.S., Ch. 2 (H.B. 3), Sec. 41, eff. September 28, 2011.

Sec. 2210.574. DISPUTES CONCERNING AMOUNT OF ACCEPTED COVERAGE.

(a) If the association accepts coverage for a claim in full and a claimant disputes only the amount of loss the association will pay

for the claim, or if the association accepts coverage for a claim in part and a claimant disputes the amount of loss the association will pay for the accepted portion of the claim, the claimant may request from the association a detailed summary of the manner in which the association determined the amount of loss the association will pay.

(b) If a claimant disputes the amount of loss the association will pay for a claim or a portion of a claim, the claimant, not later than the 60th day after the date the claimant receives the notice described by Section 2210.573(d)(1) or (2), may demand appraisal in accordance with the terms of the association policy.

(c) If a claimant, on a showing of good cause and not later than the 15th day after the expiration of the 60-day period described by Subsection (b), requests in writing that the 60-day period be extended, the association may grant an additional 30-day period in which the claimant may demand appraisal.

(d) If a claimant demands appraisal under this section:

(1) the appraisal must be conducted as provided by the association policy; and

(2) the claimant and the association are responsible in equal shares for paying any costs incurred or charged in connection with the appraisal, including a fee charged under Subsection (e).

(e) If a claimant demands appraisal under this section and the appraiser retained by the claimant and the appraiser retained by the association are able to agree on an appraisal umpire to participate in the resolution of the dispute, the appraisal umpire is the umpire chosen by the two appraisers. If the appraiser retained by the claimant and the appraiser retained by the association are unable to agree on an appraisal umpire to participate in the resolution of the dispute, the commissioner shall select an appraisal umpire from a roster of qualified umpires maintained by the department. The department may:

(1) require appraisers to register with the department as a condition of being placed on the roster of umpires; and

(2) charge a reasonable registration fee to defray the cost incurred by the department in maintaining the roster and the commissioner in selecting an appraisal umpire under this subsection.

(f) Except as provided by Subsection (g), the appraisal decision is binding on the claimant and the association as to the amount of loss the association will pay for a fully accepted claim or the accepted portion of a partially accepted claim and is not

appealable or otherwise reviewable. A claimant that does not demand appraisal before the expiration of the periods described by Subsections (b) and (c) waives the claimant's right to contest the association's determination of the amount of loss the association will pay with reference to a fully accepted claim or the accepted portion of a partially accepted claim.

(g) A claimant or the association may, not later than the second anniversary of the date of an appraisal decision, file an action in a district court in the county in which the loss that is the subject of the appraisal occurred to vacate the appraisal decision and begin a new appraisal process if:

(1) the appraisal decision was obtained by corruption, fraud, or other undue means;

(2) the rights of the claimant or the association were prejudiced by:

(A) evident partiality by an appraisal umpire;

(B) corruption in an appraiser or appraisal umpire; or

(C) misconduct or wilful misbehavior of an appraiser or appraisal umpire; or

(3) an appraiser or appraisal umpire:

(A) exceeded the appraiser's or appraisal umpire's powers;

(B) refused to postpone the appraisal after a showing of sufficient cause for the postponement;

(C) refused to consider evidence material to the claim;

or

(D) conducted the appraisal in a manner that substantially prejudiced the rights of the claimant or the association.

(h) Except as provided by Subsection (g), a claimant may not bring an action against the association with reference to a claim for which the association has accepted coverage in full.

Added by Acts 2011, 82nd Leg., 1st C.S., Ch. 2 (H.B. 3), Sec. 41, eff. September 28, 2011.

Sec. 2210.575. DISPUTES CONCERNING DENIED COVERAGE. (a) If the association denies coverage for a claim in part or in full and the claimant disputes that determination, the claimant, not later

than the expiration of the limitations period described by Section 2210.577(a), but after the date the claimant receives the notice described by Section 2210.573(d)(2) or (3), must provide the association with notice that the claimant intends to bring an action against the association concerning the partial or full denial of the claim.

(b) If a claimant provides notice of intent to bring an action under Subsection (a), the association may require the claimant, as a prerequisite to filing the action against the association, to submit the dispute to alternative dispute resolution by mediation or moderated settlement conference, as provided by Chapter 154, Civil Practice and Remedies Code. A claimant that does not provide notice of intent to bring an action before the expiration of the period described by Subsection (a) waives the claimant's right to contest the association's partial or full denial of coverage and is barred from bringing an action against the association concerning the denial of coverage.

(c) The association must request alternative dispute resolution of a dispute described by Subsection (b) not later than the 60th day after the date the association receives from the claimant notice of intent to bring an action.

(d) Alternative dispute resolution under this section must be completed not later than the 60th day after the date a request for alternative dispute resolution is made under Subsection (c). The 60-day period described by this subsection may be extended by the commissioner by rule in accordance with Section 2210.581 or by the association and a claimant by mutual consent.

(e) If the claimant is not satisfied after completion of alternative dispute resolution, or if alternative dispute resolution is not completed before the expiration of the 60-day period described by Subsection (d) or any extension under that subsection, the claimant may bring an action against the association in a district court in the county in which the loss that is the subject of the coverage denial occurred. An action brought under this subsection shall be presided over by a judge appointed by the judicial panel on multidistrict litigation designated under Section 74.161, Government Code. A judge appointed under this section must be an active judge, as defined by Section 74.041, Government Code, who is a resident of the county in which the loss that is the basis of the disputed denied coverage occurred or of a first tier coastal county or a second tier

coastal county adjacent to the county in which that loss occurred.

(f) If a claimant brings an action against the association concerning a partial or full denial of coverage, the court shall abate the action until the notice of intent to bring an action has been provided and, if requested by the association, the dispute has been submitted to alternative dispute resolution, in accordance with this section.

(g) A moderated settlement conference under this section may be conducted by a panel consisting of one or more impartial third parties.

(h) If the association requests mediation under this section, the claimant and the association are responsible in equal shares for paying any costs incurred or charged in connection with the mediation.

(i) If the association requests mediation under this section, and the claimant and the association are able to agree on a mediator, the mediator is the mediator agreed to by the claimant and the association. If the claimant and the association are unable to agree on a mediator, the commissioner shall select a mediator from a roster of qualified mediators maintained by the department. The department may:

(1) require mediators to register with the department as a condition of being placed on the roster; and

(2) charge a reasonable registration fee to defray the cost incurred by the department in maintaining the roster and the commissioner in selecting a mediator under this section.

(j) The commissioner shall establish rules to implement this section, including provisions for expediting alternative dispute resolution, facilitating the ability of a claimant to appear with or without counsel, establishing qualifications necessary for mediators to be placed on the roster maintained by the department under Subsection (i), and providing that formal rules of evidence shall not apply to the proceedings.

Added by Acts 2011, 82nd Leg., 1st C.S., Ch. 2 (H.B. 3), Sec. 41, eff. September 28, 2011.

Sec. 2210.576. ISSUES BROUGHT TO SUIT; LIMITATIONS ON RECOVERY.

(a) The only issues a claimant may raise in an action brought

against the association under Section 2210.575 are:

(1) whether the association's denial of coverage was proper; and

(2) the amount of the damages described by Subsection (b) to which the claimant is entitled, if any.

(b) Except as provided by Subsections (c) and (d), a claimant that brings an action against the association under Section 2210.575 may recover only:

(1) the covered loss payable under the terms of the association policy less, if applicable, the amount of loss already paid by the association for any portion of a covered loss for which the association accepted coverage;

(2) prejudgment interest from the first day after the date specified in Section 2210.5731 by which the association was or would have been required to pay an accepted claim or the accepted portion of a claim, at the prejudgment interest rate provided in Subchapter B, Chapter 304, Finance Code; and

(3) court costs and reasonable and necessary attorney's fees.

(c) Nothing in this chapter, including Subsection (b), may be construed to limit the consequential damages, or the amount of consequential damages, that a claimant may recover under common law in an action against the association.

(d) A claimant that brings an action against the association under Section 2210.575 may, in addition to the covered loss described by Subsection (b)(1) and any consequential damages recovered by the claimant under common law, recover damages in an amount not to exceed the aggregated amount of the covered loss described by Subsection (b)(1) and the consequential damages recovered under common law if the claimant proves by clear and convincing evidence that the association mishandled the claimant's claim to the claimant's detriment by intentionally:

(1) failing to meet the deadlines or timelines established under this subchapter without good cause, including the applicable deadline established under Section 2210.5731 for payment of an accepted claim or the accepted portion of a claim;

(2) disregarding applicable guidelines published by the commissioner under Section 2210.578(f);

(3) failing to provide the notice required under Section 2210.573(d);

(4) rejecting a claim without conducting a reasonable investigation with respect to the claim; or

(5) denying coverage for a claim in part or in full if the association's liability has become reasonably clear as a result of the association's investigation with respect to the portion of the claim that was denied.

(e) For purposes of Subsection (d), "intentionally" means actual awareness of the facts surrounding the act or practice listed in Subsection (d)(1), (2), (3), (4), or (5), coupled with the specific intent that the claimant suffer harm or damages as a result of the act or practice. Specific intent may be inferred from objective manifestations that the association acted intentionally or from facts that show that the association acted with flagrant disregard of the duty to avoid the acts or practices listed in Subsection (d)(1), (2), (3), (4), or (5).

Sec. 2210.577. LIMITATIONS PERIOD. (a) Notwithstanding any other law, a claimant who brings an action against the association under Section 2210.575 must bring the action not later than the second anniversary of the date on which the person receives a notice described by Section 2210.573(d)(2) or (3).

(b) This section is a statute of repose and controls over any other applicable limitations period.

Sec. 2210.578. EXPERT PANEL. (a) The commissioner shall appoint a panel of experts to advise the association concerning the extent to which a loss to insurable property was incurred as a result of wind, waves, tidal surges, or rising waters not caused by waves or surges. The panel shall consist of a number of experts to be decided by the commissioner. The commissioner shall appoint one member of the panel to serve as the presiding officer of the panel.

(b) Members of the panel must have professional expertise in, and be knowledgeable concerning, the geography and meteorology of the

Texas seacoast territory, as well as the scientific basis for determining the extent to which damage to property is caused by wind, waves, tidal surges, or rising waters not caused by waves or surges.

(c) The panel shall meet at the request of the commissioner or the call of the presiding officer of the panel.

(d) The panel shall investigate, collect, and evaluate the information necessary to provide recommendations under Subsection (e). The cost and expense incurred by the panel associated with the work of the panel under this section shall be paid or reimbursed by the association.

(e) At the request of the commissioner, the panel shall recommend to the commissioner methods or models for determining the extent to which a loss to insurable property may be or was incurred as a result of wind, waves, tidal surges, or rising waters not caused by waves or surges for geographic areas or regions designated by the commissioner.

(f) After consideration of the recommendations made by the panel under Subsection (e), the commissioner shall publish guidelines that the association will use to settle claims.

(g) A member of the panel is not individually liable for an act or failure to act in the performance of the official duties in connection with the individual's work on the panel.

(h) In any review of a claim under this subchapter, and in any action brought against the association under Section 2210.575, the guidelines published by the commissioner under Subsection (f) govern the claim and are presumed to be accurate and correct, unless clear and convincing evidence supports a deviation from the guidelines.

Sec. 2210.579. CONSTRUCTION WITH OTHER LAW. (a) To the extent of any conflict between a provision of this subchapter and any other law, the provision of this subchapter prevails.

(b) Notwithstanding any other law, the association may not bring an action against a claimant, for declaratory or other relief, before the 180th day after the date an appraisal under Section 2210.574, or alternate dispute resolution under Section 2210.575, is completed.

(2) procedures and deadlines for the payment and handling of claims by the association as well as the procedures and deadlines for a review of a claim by the association;

(3) notice of expert panel meetings and the transparency of deliberations of the panel; and

(4) any other matters regarding the handling of claims that are not inconsistent with this subchapter.

(b) All rules adopted by the commissioner under this section shall promote the fairness of the process, protect the rights of aggrieved policyholders, and ensure that policyholders may participate in the claims review process without the necessity of engaging legal counsel.

SUBCHAPTER B. RATE STANDARDS

Sec. 2251.051. EXCESSIVE, INADEQUATE, AND UNFAIRLY DISCRIMINATORY RATES. (a) A rate is excessive, inadequate, or unfairly discriminatory for purposes of this chapter as provided by this section.

(b) A rate is excessive if the rate is likely to produce a long-term profit that is unreasonably high in relation to the insurance coverage provided.

(c) A rate is inadequate if:

(1) the rate is insufficient to sustain projected losses and expenses to which the rate applies; and

(2) continued use of the rate:

(A) endangers the solvency of an insurer using the rate; or

(B) has the effect of substantially lessening competition or creating a monopoly in a market.

(d) A rate is unfairly discriminatory if the rate:

(1) is not based on sound actuarial principles;

(2) does not bear a reasonable relationship to the expected loss and expense experience among risks; or

(3) is based wholly or partly on the race, creed, color, ethnicity, or national origin of the policyholder or an insured.

(3) the insurer's actuarially credible historical premium, exposure, loss, and expense experience;

(4) catastrophe hazards in this state;

(5) operating expenses, excluding disallowed expenses;

(6) investment income;

(7) a reasonable margin for profit; and

(8) any other factors inside and outside this state:

(A) determined to be relevant by the insurer; and

(B) not disallowed by the commissioner.

(b) A rate may not be excessive, inadequate, unreasonable, or unfairly discriminatory for the risks to which the rate applies.

(c) The insurer may:

(1) group risks by classification to establish rates and minimum premiums; and

(2) modify classification rates to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in those risks on the basis of any factor listed in Subsection (a).

(d) In setting rates that apply only to policyholders in this state, an insurer shall use available premium, loss, claim, and exposure information from this state to the full extent of the actuarial credibility of that information. The insurer may use experience from outside this state as necessary to supplement information from this state that is not actuarially credible.

(e) In determining rating territories and territorial rates, an insurer shall use methods based on sound actuarial principles.

(2) a statewide insurance emergency exists.

(a-1) If an insurer files a petition under Subchapter D, Chapter 36, for judicial review of an order disapproving a rate under this chapter, the insurer must use the rates in effect for the insurer at the time the petition is filed and may not file and use any higher rate for the same line of insurance subject to this chapter before the matter subject to judicial review is finally resolved unless the insurer, in accordance with this subchapter, files the new rate with the department, along with any applicable supplementary rating information and supporting information, and obtains the commissioner's approval of the rate.

(b) From the date of the filing of the rate with the department to the effective date of the new rate, the insurer's previously filed rate that is in effect on the date of the filing remains in effect.

(b) Except as provided by Subsection (c), if a rate has not been approved or disapproved by the commissioner before the expiration of the 30-day period described by Subsection (a), the rate is considered approved and the insurer may use the rate unless the rate proposed in the filing represents an increase of 12.5 percent or more from the insurer's previously filed rate.

(c) For good cause, the commissioner may, on the expiration of the 30-day period described by Subsection (a), extend the period for approval or disapproval of a rate for one additional 30-day period. (b) "Market rate" means the price at which a seller, under no obligation or duress to sell, is willing to accept and a buyer, under no obligation or duress to buy, is willing to pay in an arms-length transaction. The market rate is determined by comparing the rights or items purchased or sold to similar rights or items that have been recently purchased by others or sold to others, including others not in the title insurance business.

(b) The association shall assess title insurance companies in writing an amount as determined under Section 2602.202. A title insurance company does not incur real or contingent liability under this chapter until the association actually makes the written assessment.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.202. AMOUNT OF ASSESSMENT; PRORATION OF PAYMENT.

(a) The association shall assess title insurance companies the amount necessary to pay:

(1) the association's obligations under this chapter and the expenses of handling covered claims subsequent to an impairment; and

(2) other expenses authorized by this chapter.

(b) The assessment of each title insurance company must be in the proportion that the net direct written premiums of that company for the calendar year preceding the assessment bear to the net direct written premiums of all title insurance companies for that year.

(c) The total assessment of a title insurance company in a year may not exceed an amount equal to two percent of the company's net direct written premiums for the calendar year preceding the assessment. If the maximum assessment and the association's other assets are insufficient in any one year to make all necessary payments, the money available shall be prorated and the unpaid portion shall be paid as soon as money becomes available.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.205. DEFERMENT. (a) The association may defer in whole or in part an assessment of a title insurance company that would cause the company's financial statement to show amounts of capital or surplus less than the minimum amount required for a certificate of authority in any jurisdiction in which the company is authorized to engage in the business of insurance.

(b) The title insurance company shall pay the deferred assessment when payment will not reduce capital or surplus below required minimums. The payment shall be refunded to or credited against future assessments of any title insurance company receiving a larger assessment because of the deferment, as elected by that company.

(c) During a period of deferment, the title insurance company may not pay a dividend to shareholders or policyholders.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.206. PARTICIPATION RECEIPTS. (a) On receipt from a title insurance company of payment of an assessment or partial assessment, the association shall provide the company with a participation receipt. A participation receipt creates liability against the impaired title insurance company.

(b) The holder of the receipt is a general creditor of the impaired title insurance company, except that if the amount of assessments the association receives exceeds the amount paid for covered claims, the holders of participation receipts have preference over other general creditors to, and are entitled to share pro rata in, the excess.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

As soon as practicable after completion of the final report, the association shall refund the remaining balance to the holders of participation receipts as required by Section 2602.206(b).

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.208. USE OF ASSESSMENTS. (a) Money from assessments is considered to supplement the marshalling of an impaired title insurance company's assets to make payments on the impaired title insurance company's behalf. The association may assess title insurance companies or use money from assessments to pay covered claims before the receiver exhausts the impaired title insurance company's assets.

(b) The association may use money from assessments to negotiate and consummate contracts of reinsurance or assumption of liabilities or contracts of substitution to provide for outstanding liabilities of covered claims.

(c) Except as provided by Section 2602.109, money from assessments may not be used for the guaranty fee account.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

(2) assess an administrative penalty as provided by Chapter 84 in an amount not to exceed the greater of five percent of the unpaid assessment each month or \$100 each month.

(c) A title insurance company whose certificate of authority is canceled or surrendered is liable for any unpaid assessments made before the date of the cancellation or surrender.

(d) The commissioner may collect an assessment on behalf of the association through a suit brought for that purpose.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.210. RECOVERY OF ASSESSMENT IN RATES; TAX CREDIT.

(a) A title insurance company is entitled to recover in its rates for the succeeding calendar year amounts paid in assessments not to exceed one percent of the company's net direct written premiums. In promulgating or establishing rates the commissioner shall consider assessments and refunds of assessments and shall adjust the rates to allow for recovery under this subsection.

(b) Unless the department determines that all amounts paid as assessments by each title insurance company have been recovered under Subsection (a), for any amount not recovered the title insurance company is entitled to a credit against its premium tax under Chapter 223. The credit may be taken at a rate of 20 percent each year for five successive years following the date of assessment and, if the title insurance company elects, may be taken over an additional number of years.

(c) An amount of a tax credit allowed by this section that is unclaimed may be shown in the title insurance company's books and records as an admitted asset for all purposes, including an annual statement under Section 862.001.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

(6) a claim under Section 2602.251, 2602.252, or 2602.253 by a claimant who caused or substantially contributed to the claimant's loss by the claimant's action or omission; and

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2602.257. EXHAUSTION OF OTHER RIGHTS REQUIRED. (a) A person having a covered claim that is also a claim against a title insurance company under law or under an insurance policy other than a policy of an impaired title insurance company must exhaust the person's rights under law or the policy before asserting the covered claim under this chapter.

(b) The amount payable on the covered claim is reduced by the amount of any recovery under law or the policy.

(c) Notwithstanding any other provision, to avoid undue hardship to a claimant the association may authorize payment of a covered claim against an impaired agent without regard to the liability of any title insurance company or coverage under any insurance policy, subject to the approval of the receivership court or commissioner, as applicable. On payment, the association is in all respects subrogated to the rights and claims of the claimant.

(1) a six-month period beginning on the later of the date of the designation of impairment or the date an ancillary proceeding is brought in this state; and

(2) any subsequent period as determined by the court.

(b) If a covered claim arises from a judgment, order, verdict, finding, or other decision based on the default of an impaired title insurance company or its failure to defend an insured, the association on its own behalf or on behalf of the insured may apply to the court or administrator that made the decision to have the decision set aside and may defend the claim on its merits.

(c) In a proceeding considering a covered claim, a judgment against an insured taken after the date the delinquency proceeding begins or a conservator is appointed is not evidence of liability or of the amount of damages, and a default or consent judgment against an insured or the impaired title insurance company or a settlement, release, or judgment entered into by the insured or the impaired title insurance company does not bind the association and is not evidence of liability or of the amount of damages in connection with a claim brought against the association or another party under this chapter.

(1) has repaid pro rata in full to each holder of a participation receipt the assessment amount paid by the receipt holder or its assignee; and

(2) has repaid in full the amount of guaranty fees paid by the association.

(b) If an assessment has been made under this chapter for an impaired agent or guaranty fees have been provided for the impaired agent, the agent, on release from the supervision, conservatorship, rehabilitation, receivership, or other proceeding in which the agent was found by a court of competent jurisdiction to be insolvent or otherwise unable to pay obligations as they come due, subject to dischargeability, may not act as an agent until the agent has repaid in full the amount of guaranty fees paid by the association.

(c) Notwithstanding Subsections (a) and (b), on application of the association and after hearing, the commissioner may permit the impaired title insurance company or agent to issue new policies as provided by a plan of operation for repayment. In approving the plan, the commissioner may restrict the issuance of new or renewal policies as the commissioner considers necessary to implement the plan.

(d) Not later than the 11th day before the date of a hearing under Subsection (c), the commissioner shall give notice of the hearing to the association. The commissioner shall give 10 days' notice of the hearing to title insurance companies to whom participation receipts were issued for an assessment made for the benefit of the released title insurance company. (b) Except as otherwise provided by this section, the receiver appointed under an order of receivership of a title insurance company domiciled in this state may recover on behalf of the company from an affiliate that controlled the company the amount of a distribution, other than a stock dividend the company paid on its capital stock, made during the five years preceding the date of the petition for liquidation or rehabilitation.

(c) A person who was an affiliate that controlled the title insurance company when the distribution described by Subsection (b) was paid is liable for the amount of the distribution received. A person who was an affiliate that controlled the title insurance company when the distribution was declared is liable for the amount of the distribution the affiliate would have received if the distribution had been paid immediately. Two or more persons liable for the same distribution are jointly and severally liable. If a person liable under this subsection is insolvent, all of the affiliates that controlled the insolvent person when the distribution was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent person.

(d) The maximum amount recoverable under Subsections (b) and (c) is the amount needed in excess of all other available assets of the insolvent title insurance company to pay the company's contractual obligations.

(e) The receiver may not recover a distribution under

Subsection (b) if the title insurance company shows that:

(1) the distribution was lawful and reasonable on the date of payment; and

(2) the company did not know and could not reasonably have known that the distribution might adversely affect the ability of the company to fulfill its contractual obligations.

(b) To perform its obligations under this chapter, the association is considered a creditor of the impaired or insolvent title insurance company to the extent of assets attributable to covered policies, less any amount that the association recovers as a subrogee under this chapter.

(c) Assets of the impaired or insolvent title insurance company attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent company as required by this chapter.

(2) the date of a final court order affirming the denial, refusal, or revocation if judicial review is sought.

(7) failed to complete all educational requirements.

(b) The department may not deny an application for a license or discipline an escrow officer under Section 4005.102, 4005.103, or 4005.104 solely because the individual resides in an adjacent state and acts as an escrow officer in this state as a bona fide employee of a title insurance agent or direct operation in this state.

Sec. 2652.2015. PROHIBITED GROUNDS FOR DELAY OR DENIAL. (a) Except as provided by Subsection (b) or (c), the department may not delay or deny a license application or a license renewal based wholly or partly on a department audit or complaint investigation of, or disciplinary or enforcement action against, a license holder or applicant that is pending and has not been finally closed or resolved by a final order issued by the commissioner on or before the date on which the initial or renewal application is complete.

(b) The department may delay a license application or license renewal if:

(1) the applicant or license holder is the subject of a criminal investigation or prosecution; or

(2) the deputy commissioner of the title division of the department makes a good faith determination that there is a credible suspicion that there are ongoing or continuing acts of fraud by the applicant or license holder.

(c) The department may deny a license application or license renewal if the department determines that the applicant or license holder intentionally made a material misstatement in the license application or license renewal or the applicant or license holder attempted to obtain the license or renewal by fraud or misrepresentation.

(1) the effective date of the denial, refusal, or revocation; or

(2) the date of a final court order affirming the denial, refusal, or revocation if judicial review is sought.

(b) A license application filed after the time required by this section may be denied by the department unless the applicant shows good cause why the denial, refusal, or revocation should not be a bar to the issuance of a license.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2652.203. NOTICE OF DISCIPLINARY OR ENFORCEMENT ACTION; AUTOMATIC DISMISSAL. (1) that is the subject of a pending criminal investigation or prosecution; or

(2) about which the department makes a good faith determination that there is a credible suspicion that there are ongoing or continuing acts of fraud by a person who is the subject of the action.

(b) A notice required by Subsection (a) must provide a license holder fair notice of the alleged facts known by the department on the date of the notice that constitute grounds for the action.

(c) A disciplinary or enforcement action is automatically dismissed with prejudice, unless the department serves a notice of hearing on the license holder not later than the 60th business day after the date the department receives a hearing request from the license holder.

(d) The department may provide information about an enforcement action, including a copy of a notice issued under this section, to each title insurance agent or direct operation with which an escrow officer has, or proposes to obtain, an appointment under Section

2652.1511.

(e) Except as prohibited by Chapter 552, Government Code, or any other law, on the date an enforcement action against an escrow officer becomes final, the department shall provide information about the action, including a copy of a commissioner's order or department warning issued under this section, to each title insurance agent or direct operation for which the escrow officer holds appointment under Section 2652.1511.

Only the title insurance company that is to issue an owner title insurance policy in connection with the transaction may issue the insured closing and settlement letter.

(b) An insured closing and settlement letter must be issued:

(1) at or before closing; and

(1) the amount of the fee for the services, shown as included in the premium; and

(2) the name of the attorney or, if applicable, the name of the firm to which the fee was paid.

(d) The closing and settlement statement must conspicuously and clearly itemize the charges imposed on the party in connection with the closing and settlement.

(e) If a charge for title insurance is made to the party, the closing and settlement statement must state whether the title insurance premium included in the charge covers the mortgagee's interest in the real property, the borrower's interest, or both.

(b) The itemized disclosure must be provided on a closing and settlement statement form prescribed or permitted under Subchapter B.

(c) The title insurance company or title insurance agent is required to provide the itemized disclosure only to the extent that information is available concerning each charge to be made to the party. If information concerning a charge is not available, the title insurance company or title insurance agent shall:

(a) A title insurance company is not required to offer or provide in connection with a title insurance policy an endorsement insuring a loss from damage resulting from the use of the surface of the land for the extraction or development of coal, lignite, oil, gas, or another mineral if the policy includes a general exception or exclusion from coverage a loss from damage resulting from the use of the surface of the land for the extraction or development of coal, lignite, oil, gas, or another mineral.

(b) In this section, "general exception or exclusion" means a provision in a title insurance policy or other title insuring form that provides that title insurance coverage under the policy or form:

(1) is subject to, and the title insurer does not insure title to, and excepts from the description of the covered property, coal, lignite, oil, gas, and other minerals in and under and that may be produced from the covered property, together with related rights, privileges, and immunities; or

(2) does not cover a lease, grant, exception, or reservation of coal, lignite, oil, gas, or other minerals, or related rights, privileges, and immunities, appearing in the public records.

(c) An additional premium or other amount may not be charged for an endorsement to a loan policy of title insurance if the endorsement:

(1) insures against loss from damage to improvements or permanent buildings located on land that results from the future exercise of any right existing on the date of the loan policy to use the surface of the land for the extraction or development of coal, lignite, oil, gas, or another mineral;

(2) expressly does not insure against loss resulting from subsidence; and

(3) was promulgated by the commissioner in calendar year 2009.

defect exists that is not excepted under the policy or otherwise excluded from coverage, the company shall promptly investigate to determine whether the lien or encumbrance is valid and not barred by statute or other law.

(b) A title insurance company that concludes that a valid lien or encumbrance that is not barred by statute or other law exists or that a title defect exists shall:

(1) institute all necessary legal proceedings to clear the title to the property;

(2) indemnify the insured according to the terms of the policy;

(3) reinsure at current value the title to the property without making exception to the lien, encumbrance, or defect or indemnify another insurer for reinsuring the title without making exception to the lien, encumbrance, or defect;

(4) secure a release of the lien, encumbrance, or defect;
or

(5) take a combination of the actions described by this subsection.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2703.054. AUTHORITY OF COMMISSIONER IN IMPLEMENTING SUBCHAPTER. (a) The commissioner may adopt, by amendment to an owner title insurance policy or by separate endorsement to an owner title insurance policy, language to implement this subchapter in a manner consistent with the terms, provisions, conditions, and stipulations of the policy or the exceptions to coverage contained in the schedules to the policy.

(b) This subchapter does not prohibit the commissioner from adopting for use in this state one or more policies in a simplified, generally more understandable, and usable form.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2703.055. REQUIREMENT OF CERTAIN PROVISIONS PROHIBITED. The commissioner may not require by rule, or through adoption of a title insurance policy or other insuring form, that a title insurance policy delivered or issued for delivery in this state:

(1) insure against a loss that a person with an interest in real property sustains from damage to the property by reason of severance of minerals from the surface estate; or

(2) provide insurance as to ownership of minerals.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1011 (H.B. 2408), Sec. 9, eff. September 1, 2011.

(a) Subject to the underwriting standards of the title insurance company, a title insurance company may in a commitment for title insurance or a title insurance policy include a general exception or a special exception to except from coverage a mineral estate or an instrument that purports to reserve or transfer all or part of a mineral estate.

(b) A reduction to, or credit on a premium charge for, a policy of title insurance or other insuring form may not be directly or indirectly based on an exclusion of, or general or special exception to, a mineral estate in the title insurance policy.

(c) The inclusion in a title insurance policy of a general exception or a special exception described by Subsection (a) does not create title insurance coverage as to the condition or ownership of the mineral estate.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1011 (H.B. 2408), Sec. 9, eff. September 1, 2011.

SUBCHAPTER C. POLICY FORMS FOR RESIDENTIAL REAL PROPERTY

Sec. 2703.101. POLICY FORMS FOR RESIDENTIAL REAL PROPERTY. (a) The commissioner shall prescribe an owner title insurance policy form to be issued in connection with a transaction involving residential real property in this state.

(b) A title insurance company or title insurance agent shall

use the form prescribed by the commissioner in issuing to an individual an owner title insurance policy relating to residential real property in this state.

(c) Unless authorized by rule adopted by the commissioner, an insurer may not enter into a contract or other agreement concerning an individual title insurance policy if the contract or other agreement is not expressed in the policy. A contract or agreement prohibited by this subsection is void.

(d) An endorsement prescribed by the commissioner may be attached to the title insurance policy form as authorized by rule adopted by the commissioner.

(e) The commissioner may not prescribe an owner title insurance policy form for residential real property or an endorsement to the policy if the policy form or endorsement is not written in plain language. For purposes of this subsection, a policy form or endorsement is written in plain language if it achieves the minimum score established by the commissioner on the Flesch reading ease test or an equivalent test selected by the commissioner or, at the commissioner's option, if it conforms to the language requirements in a National Association of Insurance Commissioners model act relating to plain language. This subsection does not apply to policy language required by state or federal law.

(f) For an owner title insurance policy on residential real property that is issued to an individual, the commissioner may adopt coverages that insure against ad valorem taxes, including penalties and interest, to be paid with respect to the property for a previous tax year:

(1) that are delinquent on the effective date of the policy because of sale, diversion, or change of use, unless excluded because the insured has actual knowledge of the delinquent taxes; or

(2) that result from an exemption granted to a previous owner of the property under Section 11.13, Tax Code, or from an improvement not assessed for a previous tax year, unless excluded because the insured has actual knowledge of the taxes.

(g) For an owner's title insurance policy on residential real property that is issued to an individual, the commissioner shall adopt terms that provide for continuation of coverage subject to rights and defenses against the original named insured for:

(1) a person who inherits the original named insured's title on the original named insured's death;

(2) the original named insured's spouse who receives title in a dissolution of marriage with the original named insured;

(3) the trustee or successor of a trust established by the original named insured to whom the original named insured transfers title after the date of policy; or

(4) the beneficiaries of a trust described by Subdivision (3) on the death of the original named insured.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Acts 2009, 81st Leg., R.S., Ch. 985 (H.B. 3768), Sec. 1, eff. September 1, 2009.

SUBCHAPTER D. FIXING AND PROMULGATING PREMIUM RATES

Sec. 2703.151. FIXING AND PROMULGATING PREMIUM RATES. (a) Except as provided by Subsection (b), the commissioner shall fix and promulgate the premium rates to be charged by a title insurance company or by a title insurance agent for title insurance policies or for other forms prescribed or approved by the commissioner.

(b) The commissioner may not fix or promulgate the premium rates for reinsurance between title insurance companies. Title insurance companies may establish the premium rates in amounts to which the companies agree.

(c) Except for a premium charged for reinsurance, a premium may not be charged for a title insurance policy or for another prescribed or approved form at a rate different than the rate fixed and promulgated by the commissioner.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2703.152. FACTORS CONSIDERED IN FIXING PREMIUM RATES. (a) In fixing premium rates, the commissioner shall consider all relevant income and expenses of title insurance companies and title insurance agents attributable to engaging in the business of title insurance in this state.

(b) The premium rates fixed by the commissioner must be:

(1) reasonable as to the public; and

(2) nonconfiscatory as to title insurance companies and title insurance agents.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 6, eff. April 1, 2005.

Sec. 2703.153. COLLECTION OF DATA FOR FIXING PREMIUM RATES; ANNUAL STATISTICAL REPORT. (a) Each title insurance company and title insurance agent engaged in the business of title insurance in this state shall annually submit to the department, as required by the department to collect data to use to fix premium rates, a statistical report containing information relating to:

- (1) loss experience;
- (2) expense of operation; and
- (3) other material matters.

(b) The information must be submitted in the form prescribed by the department.

(c) Not less frequently than once every five years, the commissioner shall evaluate the information required under this section to determine whether the department needs additional or different information or no longer needs certain information to promulgate rates. If the department requires a title insurance company or title insurance agent to include new or different information in the statistical report, that information may be considered by the commissioner in fixing premium rates if the information collected is reasonably credible for the purposes for which the information is to be used.

(d) A title insurance company or a title insurance agent aggrieved by a department requirement concerning the submission of information may bring a suit in a district court in Travis County alleging that the request for information:

- (1) is unduly burdensome; or
- (2) is not a request for information material to fixing and promulgating premium rates or another matter that may be the subject of the periodic hearing and is not a request reasonably designed to lead to the discovery of that information.

(e) On filing of a suit under Subsection (d), the requirement that the title insurance company or title insurance agent bringing the suit comply with the request for the information is abated as to that title insurance company or title insurance agent. The district court may enter an order requiring the title insurance company or title insurance agent to comply with the request for information subject to the limitations, if any, imposed by the court.

(f) A title insurance company or title insurance agent must bring suit under Subsection (d) not later than the 30th day after the date the company or agent receives the request for information from the department.

(g) This section may not be construed to limit the department's authority to request information under Section 38.001 or other applicable provisions of this code.

(h) The contents of the statistical report, including any amendments to the statistical report, must be established in a rulemaking hearing under Subchapter B, Chapter 2001, Government Code.

(i) An amendment to the contents of the statistical report may not apply retroactively.

(b) This chapter does not require the department to:

(1) establish standard and absolute rates or a single and uniform rate for each risk or risks; or

(2) compel all insurers to adhere to rates previously filed by other insurers.

(c) The department may accept different rates for different insurers for the same risk or risks on mortgage guaranty insurance. The department may accept different rates for different insurers as filed by any authorized insurer unless the department finds that the filing does not meet the requirements of this chapter.

(b) If the commissioner finds, after notice and hearing, that the filing of a policy form, related form, classification, or rule is no longer in the best interest of the public, the commissioner may issue an order:

(1) suspending the exemption under Subsection (a) with respect to one or more insurers that filed the form, classification, or rule; and

(2) requiring each affected insurer to cease and desist using the form, classification, or rule, as the commissioner specifies.

(c) If the commissioner finds, after notice and hearing, that a filed policy form or rate no longer meets the requirements of this code, the commissioner may issue an order withdrawing approval of the form or rate. The order must specify the reasons the form or rate no longer meets the requirements. An order under this subsection may not take effect until the 30th day after the date the commissioner issues the order.

(d) The commissioner must provide to each insurer that filed a form, classification, rule, or rate that is the subject of a hearing under this section notice of the hearing not later than the 20th day before the date of the hearing. Sec. 3502.152. CAPITAL AND SURPLUS REQUIREMENTS. An insurer may not write mortgage guaranty insurance unless the insurer has the minimum capital and surplus required by Chapter 861 for a general casualty company.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 3, eff. April 1, 2007.

Sec. 3502.153. UNEARNED PREMIUM RESERVE. (a) Except as provided by Subsection (b), the unearned premium reserve on mortgage guaranty insurance must be computed in accordance with this code.

(b) For a policy covering a risk period of more than one year, the unearned premium reserve must be computed in accordance with standards adopted by the commissioner after appropriate hearings.

(a) In addition to the capital, surplus, and reserves required by Sections 3502.152, 3502.153, and 3502.154, a mortgage guaranty insurer shall establish a contingency reserve and report the contingency reserve as a liability in the insurer's financial statements.

(b) To establish and maintain the contingency reserve, the mortgage guaranty insurer shall annually contribute to the contingency reserve 50 percent of the earned premiums on the insurer's mortgage guaranty insurance business. The reserved earned premiums may be released to the insurer's surplus annually after the premiums have been maintained for 120 months.

(c) In addition, the mortgage guaranty insurer may withdraw premiums from the contingency reserve in any year for which the insurer can demonstrate to the department that the incurred losses for that year exceed 35 percent of the corresponding earned premiums for that year. The insurer shall reduce any subsequent annual release to surplus from the established contingency reserve by an amount equal to the amount withdrawn and released for the losses. The insurer shall deduct from subsequent annual releases any balance that exceeds the normal annual release from the contingency reserve.

Added by Acts 2005, 79th Leg., Ch. 727 (H.B. 2017), Sec. 3, eff. April 1, 2007.

Sec. 3502.156. OUTSTANDING TOTAL LIABILITY. (a) Except as provided by Subsection (d), a mortgage guaranty insurer may not at any time have outstanding under the insurer's aggregate mortgage guaranty insurance policies a total liability, net of reinsurance, that exceeds the sum of the insurer's capital, surplus, and contingency reserve, multiplied by 25.

(b) An insurer shall compute the insurer's liability for leases on the basis of the insurer's liability as determined by the

department.

(c) Except as provided by Subsection (d), a mortgage guaranty insurer that has outstanding total liability that exceeds the amount computed under Subsection (a) may not write new mortgage guaranty insurance business until the insurer's total liability no longer exceeds that amount.

(d) The commissioner may waive the limit imposed by Subsection (a) at the written request of a mortgage guaranty insurer on a finding by the commissioner that the sum of the insurer's capital, surplus, and contingency reserve is reasonable in relationship to the insurer's aggregate insured risk and adequate to the insurer's financial needs. The request must be made in writing on or before the 90th day before the date the insurer expects to exceed the limit imposed by Subsection (a) and shall, at a minimum, address the factors listed in Subsection (e).

(e) In determining whether a mortgage guaranty insurer's capital, surplus, and contingency reserve is reasonable in relation to the insurer's aggregate insured risk and adequate to the insurer's financial needs, the commissioner, in the commissioner's sole discretion, may consider relevant factors including:

(1) the insurer's size as measured by the insurer's assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(2) the extent to which the insurer's business is diversified across time, geography, credit quality, origination, and distribution channels;

(3) the nature and extent of the insurer's reinsurance program;

(4) the quality, diversification, and liquidity of the insurer's investment portfolio;

(5) the historical and forecasted trend in the size of the insurer's capital, surplus, and contingency reserve;

(6) the capital, surplus, and contingency reserve maintained by other comparable mortgage guaranty insurers in relation to the nature of the insurers' respective insured risks;

(7) the reasonableness of the insurer's reserves;

(8) the quality and liquidity of the insurer's investments in affiliates; and

(9) the quality of the insurer's earnings and the extent to which the insurer's reported earnings include extraordinary items.

(f) With respect to the factors listed in Subsection (e)(8), the commissioner may treat an investment in an affiliate as a nonadmitted asset for purposes of determining the adequacy of surplus as regards policyholders.

(g) The commissioner may retain accountants, actuaries, or other experts to assist the commissioner in the review of a request made by a mortgage guaranty insurer under Subsection (d). The insurer shall pay the commissioner's cost of retaining those persons.

(h) A waiver granted under Subsection (d) must be for a specified period that does not exceed two years and is subject to any terms and conditions the commissioner considers best suited to restoring the mortgage guaranty insurer's capital, surplus, and contingency reserve to the level required by Subsection (a). The mortgage guaranty insurer may apply to extend the waiver on or before the 90th day before the date the waiver period expires.

(i) The commissioner may not under any circumstances allow the mortgage guaranty insurer to have outstanding under the insurer's aggregate mortgage guaranty insurance policies a total liability, net of reinsurance, that exceeds the sum of the insurer's capital, surplus, and contingency reserve, multiplied by 50.

(j) An insurer may not be allowed a waiver under Subsections (d) and (h) for a continuous period of more than six years.

"NOTICE OF RIGHT TO CANCEL PRIVATE MORTGAGE INSURANCE: If you currently pay private mortgage insurance premiums, you may have the right to cancel the insurance and cease paying premiums. the Treasury, covering the date on which the bond was executed, of the companies holding certificates of authority as acceptable sureties on federal bonds and as acceptable reinsuring companies. A purchaser, insurer of title, or lender acquiring or insuring an interest in or title to real property may also conclusively rely on, and is protected by, a statement on a recorded bond or a sworn, recorded statement by the surety that refers to the specific recorded bond and states that, at the time the bond was executed, the surety complied with Subsection (a)(1) or (2).

(f) The time limits provided by this section and Section 3503.054 may be varied by any statute requiring a construction payment bond.

An applicant for an original license must have a bona fide intention to engage in business in which, in any calendar year, at least 25 percent of the total volume of premiums is derived from persons other than the applicant and from property other than that on which the applicant controls the placing of insurance through ownership, mortgage, sale, family relationship, or employment.

(c) The department may not deny a license application solely on the ground that the applicant will act only part-time as an agent.

(A) an insurer authorized to engage in the business of insurance in this state; or

(B) if a policy cannot be obtained from an insurer authorized to engage in the business of insurance in this state, a surplus lines insurer under Chapter 981; or

(2) a bond in the principal amount of \$25,000 that is:

- (1) a provision of:
 - (A) Chapter 5, 1805, or 2171; or
 - (B) Subtitle B, C, D, E, F, H, or I, Title 10; or

CHAPTER 4008. AGENT CERTIFICATION AND EDUCATION PROGRAMS FOR COMPLEX INSURANCE PRODUCTS

Sec. 4008.001. PURPOSE. Certain insurance products are so complex that the general agent licensing and continuing education requirements are insufficient to ensure the level of agent expertise

necessary to safeguard consumer interests. Agents should be equipped with the necessary skills and knowledge to assist insureds appropriately in their purchases. Requiring agent training or demonstration of knowledge before an agent may sell particularly complex products mitigates the negative impact caused by agents selling complex products without the training and knowledge necessary to sell those products in a manner that is fair and beneficial to insureds.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

Sec. 4008.002. TRAINING AND EXAMINATION REQUIREMENTS AUTHORIZED. (a) The commissioner may adopt rules requiring an agent who holds a license issued under this code to be certified, through specific education, training, examination, and experience requirements as provided by this chapter, before an agent may sell a product or product line designated by the commissioner.

(b) Education, training, examination, and experience requirements established by rule under this chapter may be used to satisfy any other agent education, training, examination, and experience requirements otherwise established under this code.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

Sec. 4008.003. RULES. (a) In adopting rules under this chapter, the commissioner shall:

(1) designate the products or product lines that may not be sold without certification under this chapter; and

(2) specify the reasons why it is necessary that the sale of a designated product or product line requires education, experience, or examination.

(b) By rule, the commissioner may specify:

(1) any precertification education or experience that must be completed before a designated product or product line may be sold by an agent;

(2) whether an agent must complete a precertification examination concerning the designated product or product line the

agent intends to sell;

(3) whether an agent certified under this chapter must complete specific continuing education to maintain the certificate; and

(4) whether, and if so, how frequently, an agent certified under this chapter must periodically retake the examination to maintain the certificate.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

Sec. 4008.004. APPLICATION OF CERTIFICATION REQUIREMENTS TO CERTAIN AGENTS. (a) The commissioner by rule shall establish whether the certification requirements established under this chapter for sale by an agent of a designated product or product line apply:

(1) only to an agent who, as of the effective date of the certification requirement, does not hold the underlying agent license required to sell that product or product line; or

(2) to each licensed agent who engages in the sale of that product or product line.

(b) If the commissioner adopts rules requiring each agent described by Subsection (a)(2) to be certified under this chapter, the rules must specify the date by which the agent must comply with the certification requirements.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

(2) has completed, within the 12-month period preceding the date of the certification application, all requirements for the certification required by rules adopted under this chapter; and

(3) has not committed an act for which a license or certification may be denied under Subchapter C, Chapter 4005.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

Sec. 4008.006. CERTIFICATE EXPIRATION. Unless the commissioner by rule specifies a different period, each certificate issued under this chapter expires on the expiration date of the agent's appropriate underlying license.

Added by Acts 2009, 81st Leg., R.S., Ch. 451 (H.B. 2456), Sec. 5, eff. June 19, 2009.

meetings by telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

ARTICLE VII. RULES AND OPERATING PROCEDURES:

RULEMAKING FUNCTIONS OF THE COMMISSION
AND OPTING OUT OF UNIFORM STANDARDS

1. Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

2. Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

3. Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective ninety (90) days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article. "Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure or amendment.

4. Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compacting State's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten (10) business days after

the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Act; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

5. Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been made effective in that State, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.

6. Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and while the regulatory opt out is pending, the Compacting State may petition the Commission, at least fifteen (15) days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

7. Not later than thirty (30) days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

ARTICLE VIII. COMMISSION RECORDS AND ENFORCEMENT

1. The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data and information, the laws of any Compacting State pertaining to confidentiality or

nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data and information in its possession. Confidential information of the Commission shall remain confidential after such information is provided to any Commissioner.

3. The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any non-complying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a non-complying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

4. The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law. The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

a. With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.

b. Before a Commissioner may bring an action for violation of any provision, standard or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the Insurer, opportunity for hearing or disclosure of requests for authorization or records of the Commission's action on such requests.

ARTICLE IX. DISPUTE RESOLUTION

The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Non-compacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

ARTICLE X. PRODUCT FILING AND APPROVAL

1. Insurers and Third-Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its Product with the insurance department in any State wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

2. The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

3. Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

ARTICLE XI. REVIEW OF COMMISSION DECISIONS
REGARDING FILINGS

1. Not later than thirty (30) days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to

judicial review in accordance with Article III, Section 4.

2. The Commission shall have authority to monitor, review and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant Uniform Standard. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

2. The Commission shall collect a filing fee from each Insurer and Third Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

2. The Compact shall become effective and binding upon legislative enactment of the Compact into law by two Compacting States; provided, the Commission shall become effective for purposes of adopting Uniform Standards for, reviewing, and giving approval or disapproval of, Products filed with the Commission that satisfy applicable Uniform Standards only after twenty-six (26) States are Compacting States or, alternatively, by States representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other Compacting State upon enactment of the Compact into law by that State.

3. Amendments to the Compact may be proposed by the Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Commission and the Compacting States unless and until all Compacting States enact the amendment into law.

ARTICLE XIV. WITHDRAWAL, DEFAULT AND TERMINATION

1. Withdrawal

a. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute specifically repealing the statute which enacted the Compact into law.

b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes

effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in Paragraph e of this section.

c. The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

d. The Commission shall notify the other Compacting States of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

e. The Withdrawing State is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the Withdrawing State. The Commission's approval of Products and Advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the Withdrawing State, unless formally rescinded by the Withdrawing State in the same manner as provided by the laws of the Withdrawing State for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any Compacting State shall occur upon the effective date of the Withdrawing State reenacting the Compact.

2. Default

a. If the Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the Bylaws or duly promulgated Rules or Operating Procedures, then, after notice and hearing as set forth in the Bylaws, all rights, privileges and benefits conferred by this Compact on the Defaulting State shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a Compacting State to perform its obligations or responsibilities, and any other grounds designated in Commission Rules. The Commission shall immediately notify the Defaulting State in writing of the Defaulting State's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If

the Defaulting State fails to cure the default within the time period specified by the Commission, the Defaulting State shall be terminated from the Compact and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of termination.

b. Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant to Section 1 of this article.

c. Reinstatement following termination of any Compacting State requires a reenactment of the Compact.

3. Dissolution of Compact

a. The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

b. Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the Bylaws.

ARTICLE XV. SEVERABILITY AND CONSTRUCTION

1. The provisions of this Compact shall be severable; and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

ARTICLE XVI. BINDING EFFECT OF COMPACT AND OTHER LAWS

1. Other Laws

a. Nothing herein prevents the enforcement of any other law of a Compacting State, except as provided in Paragraph b of this section.

b. For any Product approved or certified to the Commission, the Rules, Uniform Standards and any other requirements of the Commission shall constitute the exclusive provisions applicable to the content, approval and certification of such Products. For Advertisement that is subject to the Commission's authority, any Rule, Uniform Standard or other requirement of the Commission which governs the content of the Advertisement shall constitute the exclusive provision that a Commissioner may apply to the content of

the Advertisement. Notwithstanding the foregoing, no action taken by the Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the Product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

b. All agreements between the Commission and the Compacting States are binding in accordance with their terms.

c. Upon the request of a party to a conflict over the meaning or interpretation of Commission actions, and upon a majority vote of the Compacting States, the Commission may issue advisory opinions regarding the meaning or interpretation in dispute.

d. In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by that provision upon the Commission shall be ineffective as to that Compacting State, and those obligations, duties, powers or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which those obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

CHAPTER 5002. INTERSTATE HEALTH CARE COMPACT

Sec. 5002.001. EXECUTION OF COMPACT. This state enacts the Interstate Health Care Compact and enters into the compact with all other states legally joining in the compact in substantially the following form:

Whereas, the separation of powers, both between the branches of the

Federal government and between Federal and State authority, is essential to the preservation of individual liberty;

Whereas, the Constitution creates a Federal government of limited and enumerated powers, and reserves to the States or to the people those powers not granted to the Federal government;

Whereas, the Federal government has enacted many laws that have preempted State laws with respect to Health Care, and placed increasing strain on State budgets, impairing other responsibilities such as education, infrastructure, and public safety;

Whereas, the Member States seek to protect individual liberty and personal control over Health Care decisions, and believe the best method to achieve these ends is by vesting regulatory authority over Health Care in the States;

Whereas, by acting in concert, the Member States may express and inspire confidence in the ability of each Member State to govern Health Care effectively; and

Whereas, the Member States recognize that consent of Congress may be more easily secured if the Member States collectively seek consent through an interstate compact;

NOW THEREFORE, the Member States hereto resolve, and by the adoption into law under their respective State Constitutions of this Health Care Compact, agree, as follows:

Sec. 1. Definitions. As used in this Compact, unless the context clearly indicates otherwise:

"Commission" means the Interstate Advisory Health Care Commission.

"Effective Date" means the date upon which this Compact shall become effective for purposes of the operation of State and Federal law in a Member State, which shall be the later of:

- a) the date upon which this Compact shall be adopted under the laws of the Member State, and

b) the date upon which this Compact receives the consent of Congress pursuant to Article I, Section 10, of the United States Constitution, after at least two Member States adopt this Compact.

"Health Care" means care, services, supplies, or plans related to the health of an individual and includes but is not limited to:

(a) preventive, diagnostic, therapeutic, rehabilitative, maintenance, or palliative care and counseling, service, assessment, or procedure with respect to the physical or mental condition or functional status of an individual or that affects the structure or function of the body, and

(b) sale or dispensing of a drug, device, equipment, or other item in accordance with a prescription, and

(c) an individual or group plan that provides, or pays the cost of, care, services, or supplies related to the health of an individual, except any care, services, supplies, or plans provided by the United States Department of Defense and United States Department of Veterans Affairs, or provided to Native Americans.

"Member State" means a State that is signatory to this Compact and has adopted it under the laws of that State.

"Member State Base Funding Level" means a number equal to the total Federal spending on Health Care in the Member State during Federal fiscal year 2010. On or before the Effective Date, each Member State shall determine the Member State Base Funding Level for its State, and that number shall be binding upon that Member State.

"Member State Current Year Funding Level" means the Member State Base Funding Level multiplied by the Member State Current Year Population Adjustment Factor multiplied by the Current Year Inflation Adjustment Factor.

"Member State Current Year Population Adjustment Factor" means the average population of the Member State in the current year less the

average population of the Member State in Federal fiscal year 2010, divided by the average population of the Member State in Federal fiscal year 2010, plus 1. Average population in a Member State shall be determined by the United States Census Bureau.

"Current Year Inflation Adjustment Factor" means the Total Gross Domestic Product Deflator in the current year divided by the Total Gross Domestic Product Deflator in Federal fiscal year 2010. Total Gross Domestic Product Deflator shall be determined by the Bureau of Economic Analysis of the United States Department of Commerce.

Sec. 2. Pledge. The Member States shall take joint and separate action to secure the consent of the United States Congress to this Compact in order to return the authority to regulate Health Care to the Member States consistent with the goals and principles articulated in this Compact. The Member States shall improve Health Care policy within their respective jurisdictions and according to the judgment and discretion of each Member State.

Sec. 3. Legislative Power. The legislatures of the Member States have the primary responsibility to regulate Health Care in their respective States.

Sec. 4. State Control. Each Member State, within its State, may suspend by legislation the operation of all federal laws, rules, regulations, and orders regarding Health Care that are inconsistent with the laws and regulations adopted by the Member State pursuant to this Compact. Federal and State laws, rules, regulations, and orders regarding Health Care will remain in effect unless a Member State expressly suspends them pursuant to its authority under this Compact. For any federal law, rule, regulation, or order that remains in effect in a Member State after the Effective Date, that Member State shall be responsible for the associated funding obligations in its State.

Sec. 5. Funding.

(a) Each Federal fiscal year, each Member State shall have the right to Federal monies up to an amount equal to its Member State Current Year Funding Level for that Federal fiscal year, funded by Congress

as mandatory spending and not subject to annual appropriation, to support the exercise of Member State authority under this Compact. This funding shall not be conditional on any action of or regulation, policy, law, or rule being adopted by the Member State.

(b) By the start of each Federal fiscal year, Congress shall establish an initial Member State Current Year Funding Level for each Member State, based upon reasonable estimates. The final Member State Current Year Funding Level shall be calculated, and funding shall be reconciled by the United States Congress based upon information provided by each Member State and audited by the United States Government Accountability Office.

Sec. 6. Interstate Advisory Health Care Commission.

(a) The Interstate Advisory Health Care Commission is established. The Commission consists of members appointed by each Member State through a process to be determined by each Member State. A Member State may not appoint more than two members to the Commission and may withdraw membership from the Commission at any time. Each Commission member is entitled to one vote. The Commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the Commission's total membership.

(b) The Commission may elect from among its membership a Chairperson. The Commission may adopt and publish bylaws and policies that are not inconsistent with this Compact. The Commission shall meet at least once a year, and may meet more frequently.

(c) The Commission may study issues of Health Care regulation that are of particular concern to the Member States. The Commission may make non-binding recommendations to the Member States. The legislatures of the Member States may consider these recommendations in determining the appropriate Health Care policies in their respective States.

(d) The Commission shall collect information and data to assist the Member States in their regulation of Health Care, including assessing the performance of various State Health Care programs and compiling information on the prices of Health Care. The Commission shall make

this information and data available to the legislatures of the Member States. Notwithstanding any other provision in this Compact, no Member State shall disclose to the Commission the health information of any individual, nor shall the Commission disclose the health information of any individual.

(e) The Commission shall be funded by the Member States as agreed to by the Member States. The Commission shall have the responsibilities and duties as may be conferred upon it by subsequent action of the respective legislatures of the Member States in accordance with the terms of this Compact.

(f) The Commission shall not take any action within a Member State that contravenes any State law of that Member State.

Sec. 7. Congressional Consent. This Compact shall be effective on its adoption by at least two Member States and consent of the United States Congress. This Compact shall be effective unless the United States Congress, in consenting to this Compact, alters the fundamental purposes of this Compact, which are:

(a) To secure the right of the Member States to regulate Health Care in their respective States pursuant to this Compact and to suspend the operation of any conflicting federal laws, rules, regulations, and orders within their States; and

(b) To secure Federal funding for Member States that choose to invoke their authority under this Compact, as prescribed by Section 5 above.

Sec. 8. Amendments. The Member States, by unanimous agreement, may amend this Compact from time to time without the prior consent or approval of Congress and any amendment shall be effective unless, within one year, the Congress disapproves that amendment. Any State may join this Compact after the date on which Congress consents to the Compact by adoption into law under its State Constitution.

Sec. 9. Withdrawal; Dissolution. Any Member State may withdraw from this Compact by adopting a law to that effect, but no such withdrawal shall take effect until six months after the Governor of the

withdrawing Member State has given notice of the withdrawal to the other Member States. A withdrawing State shall be liable for any obligations that it may have incurred prior to the date on which its withdrawal becomes effective. This Compact shall be dissolved upon the withdrawal of all but one of the Member States.
